DISCUSSION ITEM	INPUT	ACTIONS
APT	• Great reduction this month in APT violations • Is a swimmer insured via USA Swimming if they compete with an expired APT? • Why is it not mandatory to send a meet file to Todd so this can be avoided? • Can a fine be implemented to support this? • Continue to message it out via Insta / Newsletter / Monthly Messages	• Mo will get the issue of meet file compliance on the Board agenda for April. • Mo will email Liz Hahn to ask about the insurance issue (bundled with newsletter template inquiry).
Athlete Committee Members	• We need 2 athletes on the committee beginning in June (earlier is fine) • We have Ethan Pater but will lose Rhys in June • We need 3 total	• Mo will reach out to McKay Larson, Rhys Winter, Danny Detjen to see if they can recommend athletes
Safe Sport Monthly Messaging	• Mo has started sending out via Sanction Chair monthly bullet point safety messages in hopes of people having a quick easy access to important safety notices.	• Mark and Mo will email Liz at USA Swim to see if the template is possible to use.

	• Mark suggested using the USA Swim safety newsletter template as the format is appealing	
SSRP Athlete Ambassadors	• Could we motivate teams to get their SSRP complete via an athlete ambassador from their team to facilitate the process • Folks do not want to put this pressure on an athlete • We need LSC backing to get teams to complete the program • LEAP supports LSC backing and specifically asks what the LSC does to support the process • Committee (adult) members will divide and support the remaining teams to get the program complete	• Mo will get advice from the board on how to support the need for teams to complete their SSRP. • Committee members will reach out to remaining teams to get them the support needed to complete the program.
