Intra-squad meets (virtual meets)

- We need a list of officials who are willing to travel to and work at meets of teams who are hosting virtual meets who don't have enough officials themselves to host an intra-squad meet.

- Intra-squad meets will be challenging due to limit of people that are allowed to gather together, with needed officials and timers it would limit to 30-40 swimmers per meet.

Could we do mentoring/training during practice to make efficient use of our officials' time?

- Ideally it would be a younger swimmer practice as more mistakes are made.
- You would need experienced official mentoring them.
- Coach would need to agree to this.
- We would need to limit the hours of training done during practice.
