

# What is Meet Mobile?

ACTIVE Network's **MEET MOBILE** transforms the swim meet experience for fans, swimmers, coaches and meet hosts alike. From the largest national qualifying trials in the country to the smallest swim meets, get access to meet programs from all over the world, including heat sheets, psych sheets and real-time results.

## Why do I need to have Meet Mobile?

Honest answer, you don't NEED it. **MEET MOBILE** has a small annual fee for full access to everything in the app. Meet hosts can also charge you a fee through the app for meet programs.

I guess the better question is "Why would I want Meet Mobile?" If you are so over paper heat sheets and all the waiting, you can have everything accessible right on your phone or tablet. No more waiting for results to be posted on a wall somewhere or waiting on heat sheets. You have instant access to real time items through the app. Not every host uses **MEET MOBILE** but most do and more and more every year have started using it.

## How do I get Meet Mobile?

Go to your favorite online app store and search for **Meet Mobile**.

Once downloaded, you can search for meets, swimmers, teams and mark your favorites so you get notifications when results are ready to view.
