

Doylestown Parent Volunteer Community (PVC)

The Parent Volunteer Community (PVC) is a group of parent volunteers that organizes events such as the swim team kick off event, team social events, the end of season celebration and more. They also plan for team spirit wear, swim cap and team suit orders, and organize fundraisers to support the team. The PVC is an advocate for both the athletes and the parents. Please feel free to reach out to us with any questions, concerns or ideas.

Sherry Petrakis

Hello, CBR! I'm Sherry Petrakis, and I live in Buckingham with my husband, Mike. We've been married for 23 years and have three kids—Nyah (20), Grace (16), and Michael (14). Both Grace and Michael are swimmers on the team, and Michael also loves soccer, which is his main sport. I'm a certified Level II YMCA Official and a USA Starter, so you'll likely see me on the pool deck during meets this season. I absolutely love volunteering for the team and being part of such an amazing community. It's a joy to help promote the sport and watch the kids achieve their goals. This team is incredible, which makes it all the more fun!

Stephanie Downey

Hello Swim Families! My name is Stephanie Downey and I'm excited to serve as a volunteer on the PVC. I have one swimmer on the team, my daughter Elizabeth (13-14 age group), whom you probably know better as Lizzy. Not only do I volunteer my time behind the scenes for the team, but I am also a certified swim official. I hold a certification as an Administrative Official (AO), USA Stroke & Turn Official, and a Level II YMCA Official so there is a good chance you will see me on the pool deck supporting our meets. I'm excited to be able to continue to support not only our Swim Team Families and Coaches but our Swimmers as well. Looking forward to a fun and successful season; please don't hesitate to reach out or stop me if you have any questions or suggestions on how we can continue to improve your swim team experience!

Mariana Moraca

Hello CBR! I'm Mariana Moraca, and I am happy to join the PVC team this year. I have two swimmers in the team (12u girls, 10u boys), and a little one who hangs around the pool deck while they swim. In addition to volunteering with the PVC, I am a certified USA stroke and turn official. This is our second year with CBR, and our family looks forward to many fun years ahead.

Christy Hollingsworth

I have one swimmer - Griffen - who is 14 years. This is our 3rd year swimming with the Y and Griffen's 4th year of competitive swimming. My husband is Pete and we also have 3 girls in college. I joined the PVC because I wanted to be a part of the team that Griffen loves so much. The team can't work without volunteers and I thought it would be a great way to get involved, get to know other parents and the coaches on a deeper level and understand the sport. This past year, I have also gotten trained to become an Administrative Official to help run the meets. Aside from volunteering at swim - I work for Primo water in the HR department and I enjoy spending time with my family, running and watch The Ohio State University play football!

Sheri Bozzacco

After spending four years in Illinois, our family was thrilled to return to the Central Bucks area. I'm a proud parent to three daughters. My oldest is 13 and has been passionate about swimming for the past eight years. To keep busy and support her sport, I enjoy volunteering as a timer at swim meets, it helps the time pass more quickly and keeps you close to the action.

Chrissy Higgins

I have one swimmer, Sydney, who will be turning 13 in September. I volunteer to help at the Y because I want to be involved in Sydney's swimming and I know that at this level of swimming, parent volunteers are essential for a successful season.

Aryana Hendrawan

Hi CBR families!! I have been a swim mom since 2018, when my daughter joined the team when she was 10. My first CBR volunteering experience was as a deck parent to the 8 & under Girls at an away meet (challenging but fun)! My 14-year-old son, Brayden, has been on the CBR team since 2019, and through the years, I have done everything from being deck parent to bull pen/ready check-in, timer, runner, and place judge. I find that helping with the snack bar (which is where you most likely are to find me these days) to be a great way to meet more parents I may not normally meet. My husband and I are parents to four kids. When I'm not volunteering at CBR, I also volunteer at the CB West home football games at the concession stand (my daughter is in the Marching Band). When not at swim meets, I'm usually spending my weekends watching my youngest son at his soccer or basketball games. I really enjoy meeting parents from all of my kids's sports and extracurricular activities!
