COACHES CODE OF CONDUCT

Coach Responsibilities

The coaches' job is to supervise the competitive swim program. The KJAY coaching staff is dedicated to providing a program for our youth that will enable them to learn the value of striving to improve oneself to be the best they can be. Therefore, the coaches must be in control of matters affecting training and competition.

1. The coaches are responsible for placing swimmers in practice groups. This is based on the age and ability of each individual. When it is in the best interest of a swimmer, he/she will be placed in a more challenging training group by the coach. Otherwise, they will swim with their designated practice group.
2. Sole responsibility for stroke instruction and the training regimen rests with the Kennett & Jennersville Area YMCAs Swim Team coaching staff. Each group's practices are geared to the goals of that group.
3. At meets, the coaching staff will conduct and supervise warm-up procedures for the team. It is the swimmer's responsibility to check-in with a coach before and after each race. The coaches will offer constructive criticism regarding the swimmer's performance.
4. The building of a relay team is the sole responsibility of the coaching staff.
