## 2025 SPRING TUNE UP

The spring tune up program is for swimmers who have **previously participated in a summer swim club program**. Winter swimmers will not be considered. Swimmers who have no team experience will not be eligible either. Our spring tune up will have two groups- 9 & under and 10 & older.

Our Spring tune up will cover kicking and drills for all four strokes along with some freestyle endurance training. Starts and turns will be introduced.

All questions can be directed to Nikki at [nhinsdale@malvernprep.org](mailto:nhinsdale@malvernprep.org) . E-mail Nikki and let her know you are interested in signing up. The next steps will be communicated based on your swimmers experience. Registration and payments are made online after confirmation from Nikki.
