3. Have coaches selected from some criteria to be thought of to coach the 2 teams.
4. Have practice sites that the two teams can workout together and create a line up. Events to be determined. Ideas around relays and modified event list to create excitement and change up of normal meet structure.
5. Timing Spring to early Summer of this year, if there is buy in and excitement around the idea. Also the obvious Where and When.
6. Thoughts on sending out a survey to gather insight and interest in this idea.
