

Since the last BOD meeting, the athlete reps have several points worth a note for this report. First, for the Bright Ideas Contest, we ended up submitting the Community Service Cleanup days we had in May!

Next, Brim finalized the Seadogs night and it was held on the 24th of August. We had about 20 attendees at the game along with 3 athlete reps!

At the meeting with Jane Grosser in Portland, in attendance were all 4 of our athlete reps along with Nick Partridge representing DEFY. During the meeting we came up with the idea to have a Maine Swimming Twitter account also, which we have now set up and is running! We also realized that we should start to have an athletes committee with a swimmer representing each team. These would most likely be 4-6 meetings a year.
