

Dei Report, 2023

The committee and myself have been working on planning a water safety day. At this point it looks like one will definitely run at the Machias pool (4/16) and there may be one scheduled in Portland as well. Machias' water safety day will serve as a model for creating a state wide water safety day that is an option for swim teams to facilitate at their home pools during the Spring in 2024.

The committee consists of :Audrey Cohen and Sarah Inman (athletes), Matt Reed, Nagina Sawant, Elizabeth Jacobson, and Elle Yarborough.
