

Safe Sport Chair Report

June 2022

Updates Since HOD:

- MESI's Safe Sport web page has been overhauled and updated.
- The following clubs are almost done with their SSRP: TCST (new) and SMAC (renewal). Karin continues to reach out to offer support.
- We are still waiting for KVY, MVSC and WCY to start the SSRP process. Support has been offered but no response.

Coming Up:

- Schedule and hold Safe Sport Committee Meeting before Summer Champs
- Complete the USA-S "MAAPPING Our Progress" survey. The U.S. Center for SafeSport hired an outside agency, Strategic Prevention Solutions, to conduct a review of how the different National Governing Bodies in the Olympic & Paralympic Movement have implemented the MAAPP. The agency would now like to hear from the LSC's how they implemented MAAPP.
