

I received 2 of the accident reports from USA swimming stated in Carrie's writeup. I have emails for Ref# 16639120 & Ref#16643869 but did not receive anything for Ref#16658798. I don't have anything further to add on these incidents.

One observation I had was that there did not seem to be adequate lifeguard coverage at the Bowdoin Open meet. What is the LSC's policy for meet hosts having lifeguards on duty? If there isn't a formal policy, is there a stated "best practices"? For a meet of that size, warmups are especially chaotic and there is definitely a potential chance for accident then.
