

Safe Sport Chair Report

September 2019 Board Meeting

Maine Safe Sport Email

The Safe Sport Chair now has a dedicated email address, mesisafesport@gmail.com. This is to ensure that there is a continuous log of communication for whenever a change in leadership may occur.

Safe Sport Newsletter

The July Safe Sport Newsletter can be found [here](#).

MAAPP

By now each club should have fully implemented MAAPP. If there are any teams that are struggling please do not hesitate to reach out to me. USA Swimming provides sample forms for most on their website at usaswimming.org/maapp.

MAAPP sample forms:

- Language for meet information and for meet briefings
- Acknowledgement of Policy
- Permission for a Licensed Massage Therapist or Other

Certified Professional or Health Care Provider to Treat a Minor Athlete

- Permission for a Mental Health Care Professional or Health Care Provider to have One on One Interaction
- Permission for an Unrelated Adult Athlete to Share the Same Lodging with a Minor Athlete
- Permission for an Unrelated Applicable Adult to Provide Local Transportation to Minor Athlete
- Permission for an Unrelated Applicable Adult to Travel to Competition with Minor Athlete

Safe Sport Committee

We are seeking a few more adult members who would like to serve on the Safe Sport Committee. One of the initial tasks of the committee will be to develop a Safe Sport Recognition program for Maine Swimming. As of June 100% of clubs had initiated the Safe Sport Recognition Program but zero clubs have completed the program.

USA Swimming Convention

I will be attending several Safe Sport workshops at the National Convention. If you have specific questions or concerns regarding MAAPP that you would like me to investigate, please contact me as soon as possible.

Respectfully Submitted,

Matt Montgomery
