

SENIOR COMMITTEE REPORT FOR JANUARY 2020

The Senior Committee has prepared and submitted a proposal for 3-4 training camp events to be conducted by Maine Swimming during the winter and summer. Since dates could not be formally scheduled for the winter SCY season, we are waiting to make recommendations for dates for the spring/summer season. In light of the need for a senior all star type event, the Senior Committee would request authorization in advance of the spring bid meeting to set a date for at least one of the summer training camps, or possibly both so these events can be given a date priority.

Assuming authorization, the senior committee will meet to set dates and recommendations as to one or two summer training events.
