

## SENIOR COMMITTEE REPORT FOR MARCH 2020

The Senior Committee is currently working on setting up a training trip for May-June which can serve as both an All Star event and part of the previously proposed periodic training camps scheduled for Maine's Senior swimmers. This process initially explored the idea of combining the trip with a long course swim meet. Upon review of the schedule and school considerations for the swimmers, we are now looking at scheduling the initial training trip as a training trip only. The plan is to put forth a proposed trip that does not require missing school in the applicable time frame.
