

Set-up Instructions for SMS Text Messaging Alerts from Team Unify

1. Log into your Team Unify Account
2. At the top of the home screen, hover over the photo icon next to the “mid atlantic swimming” logo and select “My Account”

3. Under “SMS” enter the cell phone number that you would like to receive text alerts to. Directly next to that, select your cell phone carrier from the drop down list

A screenshot of the 'SMS' setup form in the Team Unify application. The form includes fields for 'SMS' (with a status indicator 'Unverified' circled in black), 'Carrier' (a dropdown menu with 'AT&T Wireless' selected), 'Address', 'City', 'State', and 'Zip'. The 'SAVE' button is visible at the bottom.

4. Press the green “save” button at the bottom left of the screen

6. Select “Resend Verification”, a code will be texted to the number you entered. Enter that code in the verification code box

A screenshot of the 'SMS Verify' dialog box. It contains a text input field for 'Verification Code' and buttons for 'Resend Verification' (circled in black), 'Verify', and 'Cancel'.

7. The box above your cell phone number should change from “unverified” to “verified” and you are all set.
