2) Establish Quorum

15 voting members are present

3) Review and Approval of Minutes

Motion to accept the minutes

All passed

4) Officer Reports

a) Chairman

We need to get officials trained due to the new requirement for number of officials on the pool deck during a meet.

b) Secretary

Nothing to report

c) Treasurer

Balance of \$2900 in the account

ILLINOIS YMCA SWIMMING COMMITTEE

We have a few districts are currently outstanding. Rob will follow up with.

d) Committee Reports

i) Officials Chair

September 2nd the AO YMCA class went live.
Sunday October 12th is the IL class at McGaw in Evanston.

USA swimming- rule changes

Number of officials did not pass.

Backstroke ledges are effected right now.... Basically there is no changes.

Starting Jan 1..... NO DECK CHANGING!!!! Officials are supposed to enforce.
- What is the penalty?

As of Jan 1- an approved USA meet will only need fully certified YMCA officials.

Starting May 1st mixed gender freestyle relays are being added to USA events. Needs to be 2 and 2.

For Name tags- please get to Darby to anyone that needs to get new name tags.

ii) Webmaster

District chairs please make sure I have updated contact information for both your state committee members and your district members so they are updated on the state website so they can get the most updated information.

Thinking about creating a document for the trainers to use- to help keep track of the officials on the state website as well.

5) District Reports

a) Chicago

It looks like we will have 12 to 13 teams this season. This will be North Suburban first full season.

Modified their District meet to still be able to get it YMCA Sectioned.
Going from 2 Day Pre-lime final meet to 1 Day Timed final.

b) Illini

Still have 15 teams

ILLINOIS YMCA SWIMMING COMMITTEE

Modified their District meet to still be able to get their YMCA Sanction Number
Going to use their Jr District meet as a last chance meet.

c) Northwest

Three teams have new head coaches.
We need to get updated by-laws on the state website to help the new coaches

d) Town & Country

Dave Hedden is the district Chair
Modified their District meet to still be able to get their YMCA Sanction Number

YMCA of the USA Competitive Swimming and Diving Program

Conduct of Closed Competition YMCA Meets

FREQUENTLY ASKED QUESTIONS

The YMCA National Swimming and Diving Advisory Committee adopted the USA Swimming technical rules for YMCA competitive swim meets a number of years ago. Thus, all YMCA competitive swim meets are expected to be conducted under such USA-S technical rules. In order to compete in a YMCA National Championship Meet, a YMCA swimmer has to have competed for his/her YMCA team in three YMCA closed competition meets and one YMCA sanctioned championship meet during the qualifying period. All YMCA national championship meets and all YMCA sanctioned meets are conducted under the USA-S technical rules. In order for any YMCA meet to be considered, or used, as a qualifying meet for YMCA Nationals or any YMCA sanctioned meet, it must also be conducted under the USA-S technical rules.

The following are some of the more frequently asked questions concerning the conduct of YMCA competitive swim meets. These rules and explanations are also found in the Swimming Addendum to the Rules That Govern YMCA Sports and the YMCA Sanctioned Meet Guidelines document.

Under what rules are YMCA competitive swim meets to be conducted?

All YMCA competitive swim meets are expected to be conducted under the USA-S technical rules (Rules 101-105, the so-called blue pages).

The only YMCA deviation from the USA-S technical rules is that the minimum water depth at the starting end of the pool for any YMCA meet must be at least five feet for the swimmers to perform racing starts off the blocks or from the deck. If the water at the starting end is less than five feet, the swimmers must start in the water. (The same requirement holds true at the turn end of the

ILLINOIS YMCA SWIMMING COMMITTEE

pool for 100 yard/meter relays; if the water depth is less than five feet, the swimmers must start in the water.) This five foot depth rule is mandated by the YMCA of the USA and must not be violated. It is more restrictive than the USA-S rules which allow racing starts in four feet of water.

Under what rules are the national championship meets conducted?

The national championship meets are conducted under the USA-S technical rules (Rules 101-105, the so-called blue pages).

The only YMCA deviation from the USA-S technical rules is that the minimum water depth at the starting end of the pool for any YMCA meet must be at least five feet, as discussed above.

For any issues arising during the conduct of the meet which are not covered under the technical rules, the meet committee will first look to the Meet Invitation or Handbook. If that document is silent on the issue, the default would be USA-S Rules 201-207, which deal with the conduct of a meet.

Must YMCA sanctioned championship or invitational meets be conducted under the USA-S

Technical Rules?

YMCA sanctioned championship or invitational meets must be conducted under the USA-S technical rules in the same manner as the national championship meets, as described above. Once again, issues not covered by the technical rules must be decided based on the Meet Invitation or League Constitution, or absent guidance in one of those documents, USA-S Rules 201-207.

Must YMCA sanctioned championship and invitational meets be approved meets under USA-S Rule 202.4?

It is strongly recommended that all YMCA sanctioned meets seek approval from the relevant USA-S

ILLINOIS YMCA SWIMMING COMMITTEE

LSC and that the times be entered into the USA-S SWIMS database. However, this is not required. Note that the host YMCA's Meet Director or Head Coach must follow the local LSC's requirements for submitting an application for USA-S approval of the meet.

Must YMCA closed competition dual meets and non-sanctioned invitational meets be conducted under the USA-S technical rules?

For a YMCA closed competition dual meet or non-sanctioned invitational meet to count as a qualifying meet for entry into a sanctioned championship meet or national meet, or for times from such a meet to be valid for entry into such higher level meets, consideration for YMCA National Records or consideration for YMCA National Top Ten Designations, the dual or invitational meet must be conducted under the USA-S technical rules, as described above.

Can times from high school meets be used as qualifying times for entry into YMCA Sanctioned and National Championship meets?

High school swim meets are swum under NFHS rules, which differ from the USA-S technical rules in a number of areas. For a time from a high school meet to be accepted, that meet must have been observed by USA-S or YMCA officials in accordance with USA-S Rule 202.5. The printed results of the event must show the USA-S Observed Meet number issued by the LSC and must be signed by one of the USA-S or YMCA observers. As a note of caution here, most high school meets are not observed meets, and arrangements for such a meet to be observed must be made before the meet. Coaches hoping to use a time from such a meet should contact the meet director in advance to determine that the meet is being observed.

How many officials are required for a YMCA closed competition dual meet in order for it to serve as a qualifying meet?

ILLINOIS YMCA SWIMMING COMMITTEE

A YMCA closed competition dual meet must have three certified officials, including a YMCA Level II certified official who acts as the meet referee, and at least two additional certified officials, at least one of whom is a YMCA certified official. In addition, one of the officials must be a certified Administrative Official. In this scenario, the referee and the starter can also serve as stroke & turn judges, finish judges and relay take-off judges. The Administrative Official cannot also serve as a deck official, or as the timing console operator. However, the Administrative Official may also serve as the Hy-tek or Team Unify computer operator.

The above represents the absolute minimum number of officials required for a dual meet. When additional officials from the host YMCA or the visiting YMCA are present and available, they should be utilized to the greatest extent possible.

How many officials are required for a YMCA closed competition invitational meet in order for it to serve as a qualifying meet?

A YMCA closed competition invitational meet must have a minimum of four certified officials, including a YMCA certified Level II official who acts as the meet referee, and at least three additional certified officials, at least one of whom is a YMCA certified official. In addition, one of the officials must be a certified Administrative Official. In this scenario, the starter can also serve as stroke & turn judge, finish judge and relay take-off judge. The Administrative Official cannot also serve as a deck official, or as the timing console operator. However, the Administrative Official may also serve as the Hy-tek or Team Unify computer operator.

The above represents the absolute minimum number of officials required for an invitational or championship meet. When additional officials from the host YMCA or visiting YMCAs are present and available, they should be utilized to the greatest extent possible.

Can a YMCA certified Level II official function as the Administrative Official?

ILLINOIS YMCA SWIMMING COMMITTEE

YMCA certified Level II officials can serve as the Administrative Official, as they have the basic training needed to fulfill that role. The YMCA certified Level II official serving as an Administrative Official cannot also serve as a deck official. However, the Administrative Official may also serve as the Hy-tek or Team Unify computer operator, but not as the timing console operator.

Can USA-S certified officials be used at YMCA closed competition meets?

USA-S certified officials can serve at YMCA closed competition meets as long as there are at least two YMCA certified officials, one of whom is a YMCA Level II certified official who acts as the meet referee.

Can a USA-S certified Administrative Official work at a YMCA closed competition meet?

A USA-S certified Administrative Official may serve in that capacity at a YMCA closed competition meet as long as the requirement for two YMCA certified officials, one a Level II certified official who acts as the meet referee, is satisfied.

What can we do if we do not have two YMCA certified officials on our team who can fulfill the roles noted above for our dual and/or invitational meets or if we do not have a certified Administrative Official?

If your team does not have the requisite number of YMCA certified officials, or an Administrative Official, you can ask the visiting team or teams if they have officials who can fulfill those roles. Unless those roles are filled, the meet cannot serve as a qualifying meet and the times recorded at the meet cannot serve for entry into other meets or consideration for YMCA national recognition.

What constitutes a valid qualifying meet?

ILLINOIS YMCA SWIMMING COMMITTEE

For a YMCA closed competition meet to serve as a qualifying meet, the following minimum conditions must be met:

At least two (2) teams from different YMCA associations (different association numbers) must take part in the meet. Single or multiple team time trials do not constitute a meet, nor does competition between two groups in the same association.

At least six (6) competitors from each team must participate.

At least six (6) events must be contested, including one four-person single-sex relay.

At least two (2) YMCA Certified officials are present for the conduct of the meet and the meet is conducted under the USA-S technical rules. USA Swimming Certified Officials may assist with the officiating at such meets, provided that there are at least two YMCA Certified Officials, one of whom is a YMCA certified Level II official who acts as the meet referee.

The National Advisory Committee does not recognize postal, paper or mythical meets. The National Virtual Invitational Meet is the one exception to this rule in light of its nature and purpose.

If a meet runs over several days, can it be counted as two qualifying meets?

A closed competition YMCA invitational meet lasting two or more days may be counted as a maximum of two YMCA meets for satisfying the qualifying meet requirements. Merely scheduling an invitational meet over two days to have it count as two qualifying meets, when such a meet could easily be completed in one day, is not acceptable!

In order to take advantage of this special allowance, the swimmer must compete on at least two

ILLINOIS YMCA SWIMMING COMMITTEE

separate days of the meet.

This allowance for a multiple day meet to count as two qualifying meets is not the norm, but is intended for teams that are located at a significant geographical distance from other YMCA teams.

A dual meet cannot serve for two YMCA qualifying meets, even if it is scheduled over two days!

A single meet, regardless of length of days contested, may not be counted both as one of the YMCA closed competition meets and a sanctioned championship meet for the purpose of satisfying those qualification requirements for YMCA Nationals.

A single closed competition YMCA meet – a dual, tri, invitational, etc. meet – may not be counted as separate dual meets. For example, a tri meet may not be counted as two dual meets.

Re: Breaststroke - Timing of Permissible Butterfly Kick After the Start and Turns.

1. On November 29, 2014, FINA convened an Extraordinary Congress in Doha, Qatar and adopted changes to FINA rules.
2. The Rules and Regulations Committee acting pursuant to the provisions of Rule 511.1, hereby amends the following rule to conform to the rules of FINA.
3. Rule 101.2.3 is amended – the underlined passage indicates the affected wording.

“101.2.3 Kick – After the start and each turn, at any time prior to the first breaststroke kick a single butterfly kick is permitted. Following which, all movements of the legs shall be simultaneous and in the same horizontal plane without alternating movement.

The feet must be turned outwards during the propulsive part of the kick. Scissors, alternating movements or downward butterfly kicks are not permitted except as provided herein. Breaking the surface of the water with the feet is allowed unless followed by a downward butterfly kick.”

4. The rule, as amended, is effective immediately.
