

AGUA

ASPHALT GREEN

VALUE BEYOND THE WATER

Group Parent Guidelines

Why have Group Parents?

- = A valuable resource to the coaching staff.
- = Help with questions regarding travel to meets, logistics, who to contact for billing/registration/administration.
- = Direct parents with concerns or philosophical questions to speak with the Lead Group Coach.
- = Help cut down on misinformation.
- = Promote the brand of AGUA; General philosophy, group structure, expectations.
- = Be a Champion for the Team.

Events –

Help to organize 3 events during the Short Course Season (September to April)

1. Fall (October – November)
2. Holiday (December – January)
3. End of Season (February – March)

Organizing Events –

- = Pot luck style is ideal
- = Recruit other parents to assist, different parents for each event
- = Green Group and Gold Group where appropriate

Where to host events –

Determine dates, times, and location of events

If the events are held at AG, you will need to book room via Coach Hailey; hhewitt@asphaltgreen.org

= UES rooms – Mazur or Balcony

= BPC rooms – Theatre or Classrooms

If at an offsite location, somewhere close to AG.

Coach Appreciation –

Two times a year, we recognize the coaches that work with each group. This occurs during the holiday season and at the end of season. The lead group parent will coordinate the collection with the help of each group parent.

Personal Information –

Please be aware that you have access to personal contact information of parents on the roster for the group.

Communication should be used for the sole purpose of AGUA events and information, and should not be shared with any other parent(s).

The AGUA Coaching Staff is striving to provide a similar experience across all groups in the program. Your help in coordinating these activities is key to enhancing each swimmers' journey as a part of AGUA.
