Who are the Waves?

The Waves swim club plans to provide your son or daughter with a wholesome, healthy and enjoyable experience. Unlike some other sports, swimming is a year-round, lifetime sport. We ask you to realize that there is also the possibility that your child may enjoy swimming so much that he or she continues to swim competitively through and/or beyond his/her college years. Remember, it takes a long time to develop a swimmer. Swimmers that make it look easy have been working very hard for a long time. It can take years of practicing fundamentals for swimmers to reach their full potential.

Mission: East Grand Rapids Aquatics is an aquatics program serving East Grand Rapids and surrounding communities by providing interested swimmers of all abilities the opportunity and a safe and welcoming environment to grow, mature, develop valuable life skills, and reach their greatest potential through competitive swimming.

Vision: To build a culture of dedication and commitment that fosters personal excellence in swimming and life.

We strive to follow our mission and vision through our VALUES and BEHAVIORS:

Team Values	Consistency	Courage	Growth	Integrity	Community
Team Behaviors	Be punctual, present and prepared.	Embrace new things together.	Work works.	Attitude of gratitude.	Bigger than the pool.
	You are what you practice.	Lead by example.	Progress over perfection.	Honor the team.	Lift each other up.
	Be thankful, work hard, and have fun.	Trust our process.	Succeed through perseverance.	Own your actions.	Strive together.

I. How are the Waves Organized?

A. Board of Directors

1. Our swim team is run by a board of directors. These are parents who have volunteered their time to help run, support and promote our club. The board organizes swim meets, coordinates team apparel, maintains financial accounts, and seeks to carry out the mission and vision of the club.
2. The club is very thankful for all that they provide. If you submit a concern or question to a board member, please remember they are swim parents too. They are happy to hear your opinions, suggestions and praise!

B. Overview of Swimming Groups

1. The underlying philosophy for all groups is PROGRESSION. The goal is to have swimmers acquire specific, competitive swimming skills and characteristics at each level before advancing to the next group.
 - The outcome will be well-rounded swimmers with exceptional skills. All swimmers will progress at different rates, and this is taken into consideration as coaches design practices for each group.
 - Swimmers progress to the next level when they exhibit the necessary skills.
 - The following are taken into consideration: proficiency of skills, attendance at practices and meets, age, maturity, and goals. Each group may have a range of ages and abilities. Placement in a group is the sole discretion of the coach. Coaches will put swimmers into lanes based on their ability.
2. The first three levels of our club (**Pre-competitive**, **Blue** and **Bronze**) emphasize learning all four competitive strokes proficiently.
 - Being proficient in all four strokes at a young age is beneficial for many reasons: It allows for more options later in their career, lays a solid muscular and neurological foundation, and helps the team when they can do more than one stroke.
 - It isn't until later in a swimmer's career that he or she may begin to specialize in a certain stroke. While swimmers may excel at certain strokes and distances, the emphasis is on swimming the Individual Medley (IM – a race in which all four strokes are swum by the individual).
3. The next two groups of our club, **Silver** and **Gold**, begin to emphasize the benefits of training and how it relates to performance. The emphasis of conditioning will still be the Individual Medley.
 - Silver will spend more time than Gold on technique, but training also becomes a part of practice. Once swimmers reach the Gold group, the emphasis begins to shift toward conditioning for peak performance and training to reach the Senior

level. The season is systematically planned with specific phases to maximize swimming potential. Swimmers in this group are motivated to improve their own skills, and this is reflected by a high level of attendance in both practices and meets.

4. **Senior** swimming is for the committed athlete, who places a high priority on training for peak performance. Swimmers in this group are placed into lanes/groups based on their goals and commitment levels. There are four levels to Senior:

- **Senior Development** (Summer Only): for high school swimmers looking to stay in shape, train in preparation for their high school season, and development of all four strokes, starts, turns and underwaters.
- **Senior**: for ages 13+ training at the highest level for championship meet preparation. Attendance standards are required for this level and it is for those swimmers who have made the commitment to practicing and swimming at a high level.
- **Senior National**: Like Senior, Senior National is dedicated towards training for peak performance at high, and National level championship meets such as Sectionals, Jr Nationals, US Open, Olympic Trials, etc. Attendance standards are mandatory, and two or more Sectional time standards (along with recommendation of Senior Coach) are necessary to join this level. Dryland training, practice doubles, nutrition and mental training are all components of this highest level of Waves.
- **Senior Collegiate**: For ages 18+, this level is for those swimmers returning to train and/or compete in the summer season with EGRA Waves after one or more collegiate seasons. Swimmers must complete Athlete Protection Training (APT) with USA Swimming to be able to join this level.

7. **Senior** (Ages 13+) – Swimmers in this group can complete all the outgoing requirements for Gold.

- Our Senior program is designed for the athlete who wants to achieve a high level of excellence. Progression and preparation are key components as our goal is to swim at the highest level at championship meets. To prepare for peak performance, swimmers are expected to commit to a serious training program and balance other activities and school with swimming.
- Swimmers will determine their short and long-term goals when enrolling. The coach may make changes to the swimmer's placement based on his or her commitment and progress. The swimmer may also make a change to his or her goals and should do so by communicating with the coach.
- The key here is that there is open communication between coaches, swimmers, and parents. Plans change, unexpected situations arise, and schoolwork may get heavy. It is reasonable to expect that the coach is understanding of such situations and that swimmers will communicate with the coach and find a suitable solution.

Volunteer hour commitments will be communicated early in the season. Any hours not worked, will be billed at the end of the season at \$25/hour. III. Swimmers' Responsibilities

A. Practice

- To train for all events, regardless of the stroke in which a swimmer excels.
- To attend practices on a regular basis.

- c. If you are sick, please stay at home until you are better. Dryland exercises are not an alternative to swimming when you are sick.
- d. If you are going to be late or must leave practice early, a note or email from a parent is necessary.
- e. If you need a bathroom break please notify the coach and use restrooms *between* sets.
- f. Come to practice with the proper equipment and attire: swimsuit, goggles, caps and a water bottle.
- g. Return any pool/training equipment you used to its proper place.
- h. Be responsible for your items. If you do not lock your belongings in a locker, we suggest bringing it out on deck.
- i. Be willing to learn about adjusting to the conditions that surround you. Ex. Leaky goggles, cold water and practice etiquette.
- j. Know your coaches' and group members' names.
- k. Encourage yourself and others to work hard, listen carefully to instructions, and demonstrate a positive attitude about swimming.
- l. If swimmers do not abide by the above guidelines, they may be asked to sit out of practice or be picked up.

B. Meets

- a. Arrive at least 15 minutes prior to the beginning of warm-up.
- b. Some meets require check-in. If you arrive late, you will be scratched from the meet.
- c. Please wear the EGRA team suit and cap at all meets.
- d. Stay on deck during meets so coaches can locate you.
- e. If you need to scratch from an event, you must discuss this with your coach.
- f. EGRA swimmers are a *team* and should behave accordingly. Cheering and supporting each other is highly recommended; put-downs and other actions of disrespect are unacceptable. EGRA swimmers must also be respectful toward non-EGRA swimmers and coaches.
- g. Please check with your coach immediately after swimming. Coaches provide helpful encouragement and useful feedback. Sit with team members.
- h. Bring something to do when not swimming or cheering for teammates (deck of cards, books, etc.) For USA meets, where swimmers are kept off deck between blankets, chairs, pillows and/or sleeping bags are useful.
- i. Eat only nutritious food and drink plenty of non-carbonated fluids during the meet.
- j. Have plenty of dry clothes and towels (2 or 3) on hand to stay warm.
- k. Stay until the end of the meet. If not possible, notify the coach when you must leave.

IV. Parents' Responsibilities (Please see Parent Code of Conduct in Appendix A)

A. Practice

- a. Have your swimmer(s) arrive on time with the proper equipment.

- b. If your swimmer is going to be late or needs to leave early, please send a note or email.
- c. If your swimmer is sick, please keep him/her at home until her/she is better. Dry land exercises are not an alternative to swimming when your swimmer is sick.
- d. Let swimmers come out on deck by themselves.
- e. Parents should watch practice from the stands. If you need to talk to your swimmer, go through the coach.
- f. If parents coach their swimmer at the pool or disrupt practice, they may be asked to leave.
- g. Leave the coaching to the coaches.
- h. Any questions or concerns should be addressed to the coach privately, after practice.
- i. Trust your coach's ability and judgment in front of other parents and especially, your children.
- j. Observe practice occasionally (a few times a month) from the stands at the high school and the sitting room at Wealthy. You will see progress, if you watch practices occasionally.
- k. Volunteer time to help set-up for any special events, put information in folders, distribute ribbons, etc.

B. Meets

- a. Please have your swimmer(s) in the proper attire and on deck 15 minutes prior to the beginning of warm-up in the proper attire.
- b. If your swimmer is more than 15 minutes late, they will be scratched (removed) from the meet.
- c. Let your swimmer(s) come out on deck by themselves.
- d. Parents will watch the meets from the stands, unless volunteering.
- e. If you need to talk to your swimmer(s), go through the coach.
 - i. During USA meets, only registered coaches, officials and scheduled volunteers are allowed on deck.
- f. Events for swimmers will be posted on the website and on the OnDeck app.

C. Keeping Swimming in Perspective

- a. Early in their swimming careers, many swimmers receive serious training for the first time, which results in better strokes and faster times. Eventually, every swimmer will begin to plateau, and the long process begins, where swimmers work hard for every tenth of a second.
- b. As parents, we're tempted to focus our expectations on the vast improvements our swimmers initially experienced. When our swimmers' performance begins to plateau, we worry that something has gone wrong.
 - i. Common reactions include:
 - 1. Blaming the coach.
 - 2. Suspecting that your swimmer has slacked off in practice.
 - 3. Believing that your swimmer isn't capable of improvement.
 - 4. Excusing the performance for some other reason.
- c. Instead of decreasing the swimmer's anxiety, parents often *increase* this anxiety by pressuring their children to perform well. Soon, the swimmer is overcome with anxiety and is unable to perform. To avoid this:

- i. Leave the coaching to the coaches. Encourage swimmers to do their best and do not coach in the car or at home.
 - 1. Discuss swimming at home, only when the subject is raised by the swimmer.
 - ii. Swimmers spend a great deal of practice time at the pool; given this intensity, follow their lead.
 - iii. Always find something to praise in your child's performance.
 - iv. Don't bribe your swimmer with rewards.
- d. Your swimmer will experience highs and lows. Given physical and emotional changes your swimmer will experience, it is unreasonable to expect they will always perform well. If handled properly, each failure *can* be a step toward success.

V. Team Apparel

- A. Because we are a team, we want all swimmers to wear Waves suits and caps at swim meets. It also helps coaches and parents pick out swimmers during their races. Swimmers are welcome to wear non-team suits and caps at practice.
 - a. Team Apparel
 - i. Our supplier is Making Waves. Information is posted on the website under "Team Equipment and Apparel."
 - b. Team Caps and Shirt
 - i. Each swimmer will receive 2 silicone caps in their first season, as well as every Fall/Winter season.
 - ii. Extra caps are available for purchase. Championship meet apparel will be free of charge for swimmers for the State Meet and above.
 - c. All swimmers will also receive a team t-shirt.

VI. Swim Meets

- A. The Waves offer a variety of swim meets that are designed to accommodate all levels of experience. We do expect swimmers to compete in swim meets. The number and level of meets will depend on the experience of the swimmer(s). There are many reasons why we want swimmers to compete:
 - a. Supporting the team atmosphere
 - b. Being challenged
 - c. Learning how to manage themselves
 - d. Test their proficiency
 - e. Learning how to handle success and failure.
 - f. It is down-right fun!
- B. At the beginning of each season, a list of meets will be published and displayed on the website and bulletin board. Swimmers only swim in meets that are on the schedule. **Swimmers or parents are not allowed to enter in meets outside the Waves schedule.**
- C. Parents are responsible for accommodations and travel to swim meets. In rare cases on Senior level travel meets, a coach or chaperone may be transporting swimmers. In such a case, parents will need to sign a release form before traveling.

The Waves belong to both West Michigan Swim League (WMSL) and USA Swimming. Both groups sponsor meets that the Waves compete in on a regular basis.

D. West Michigan Swim League (WMSL)

- a. The WMSL is a local conference comprised of ~20 teams from the West Michigan area. (Jenison, Zeeland, Holland, Rockford, etc.)
 - i. Teams are paired by size for dual meets and at the end of the season, there are two conference meets to accommodate swimmers of varying levels.
 1. There are time standards associated with some of the conference meets. These time standards are different from USA Swimming time standards. Time standards are listed on our website.
- b. WMSL Dual Meets
 - i. All Waves swimmers are expected to compete and support the team at these meets.
 - ii. Swimmers compete in categories based on age and gender.
 - iii. Swimmers can compete in up to 2 individuals and 2 relays.
 - iv. All swimmers who sign-up will participate, and there is no cost for these meets.
 - v. Coaches determine events/relays. Not every swimmer may be in a relay.
 - vi. Dual meets in the winter are on Saturdays, and they are on Thursdays during the summer.
 - vii. Information about the location, start times, and entry deadlines are posted on our web site, under Events.
 - viii. Swimmers sign-up for these meets via our website.
 - ix. Events for swimmers will be posted on the website.
 - x. Ribbons are awarded 1st through 6th places.
 - xi. These meets can last from 2 – 3 ½ hours.

E. USA Swimming

- a. USA Swimming is the national governing body for amateur swimming. To compete in USA Swimming meets, a swimmer must be registered. All Waves swimmers are registered with USA Swimming. USA Swimming divides the nation geographically into Local Swim Committees (LSC), very much like leagues. We reside in the LSC of Michigan.
- b. While WMSL and USA Swimming are similar in allowing swimmers to compete, they are governed by different rules and regulations. For example, Michigan Swimming has its own set of time standards separate from WMSL. (See our website for a listing of time standards). There are some technical differences in how swimmers start a race, warm-ups, and certain turns. These are all items covered with swimmers at practice and before competitions.
- c. A USA Swimming meet is a large invitational meet. The host club determines the format for the meet. Information about these meets is posted on our website.
 - i. These meets are optional but are encouraged.
 - ii. Age is determined on the first day of the meet.
 - iii. Typically, these meets last 2-3 days with different sessions for different age-groups.
 - iv. Swimmers are not required to attend all sessions or days.
 - v. Swimmers will check-in at a designated area.
 - vi. Some meets are designed to accommodate only certain swimmers (age-group classification or time standards). Please read the meet information carefully.

- vii. Meet information is posted on the web site and is usually available 3-4 weeks prior to the event.
- viii. Swimmers can enter these meets via our web site.
- ix. All meets include a \$10.00 coach fee per swimmer.
- x. During the summer, meets are conducted in a long course format (50-meters).
- xi. At the end of the season, Michigan Swimming hosts a State Championship Meet. Qualifying times apply.
- xii. Coaches determine events and relays with input from swimmers at the championship level.

F. Other meet information

- a. What does SCY, LCM and SCM mean?
 - i. These abbreviations stand for Short Course Yards (25 yards), Long Course meters (50 Meters) and Short Course meters (25 meters)
 - ii. You can qualify for the State meet by any of the above courses

 - 1. WMSL A/B Meet
 - a. Only one relay per event.
 - b. Not everyone will be on a relay at the WMSL conference meets.

 - b. Coaches reserve the right to change the order or swimmers on a relay even the day of the competition.
 - c. We do our best to notify parents and swimmers if they are on a relay. If someone is not available, we will go with the next fastest swimmer, as long the relay meets the qualifying time standard.
 - d. Relays for State and Sectionals can either qualify with an actual time or aggregate time (Adding up times for the 4 swimmers).
 - 3. Zones
 - a. Zone relays are determined by Zone coaches. Typically, they use results from the LC State Championship.

EGRA expects that parents always exhibit the highest standards of sportsmanship and model responsible behavior when participating in all EGRA activities, swimming events and practices, and when communicating with EGRA Waves coaching staff, board members and swimmers.

By signing this document, parents and guardians agree to comply with and support the following rules of this EGRA Waves Code of Conduct.

As a parent/guardian:

- I will demonstrate and model good sportsmanship by conducting myself in a respectful manner towards my child, other swimmers, parents, officials and coaches at practices, team functions and swimming events. I understand that criticizing, negative statements (written or verbal), use of degrading personal comments or abusive language and/or gestures directed towards coaches, officials, parents, spectators, and/or any other swimmers will not be tolerated.
- I understand my role is that of a parent, not as a coach, official or swimmer. I will not coach or instruct my swimmer at practice or swim meets (from the stands or from other areas) or interfere with coaches on the pool deck. As a parent, I understand that swimming is my swimmer's choice and that they compete for his/her own enjoyment, not my own. I will refrain from imposing my ambitions upon him/her.
- I will do my best to make sure my swimmer is dropped off at an adequate time before practice to allow them to get ready and be on deck before the start of practice. I will pick up my swimmer no later than 15 minutes after practice has ended.
- I will respect all coaching decisions regarding group placements and "moving-up" groups. I understand that the coaching staff has the best intentions for my swimmer and recognize that they know what level of skills, stroke technique and commitment are needed for success in the next level.
- I understand that I am not allowed on the pool deck during practice at any time, or during meets unless volunteering or performing as an official. I will abide by official's decisions and will direct any questions or concerns regarding such decisions to a member of EGRA's coaching staff.
- I recognize that I am responsible for the volunteer hour requirement each season (Precompetitive exempt) with EGRA. I understand that I will be billed at the end of the season for any unfulfilled volunteer hours.
- I understand that I am responsible for paying my swimmer's season registration, meet fees in their entirety; regardless of the number of practices or competitions my swimmer participates in. I understand that I am responsible for all meet entry fees that my swimmer has signed up for, even if my swimmer did not attend the meet due to illness, etc. I understand that all previous balances must be paid before participation in the next meet or the start of a new season.

I promise to uphold the image of EGRA and to project an image that the team can be proud of. Should I conduct myself in such a way that violates the above Code of Conduct, I voluntarily subject myself to disciplinary action as determined by the Executive Board of Directors and coaches. Physical altercations will be grounds for immediate dismissal.

1. First Offense= Private meeting with Head Coach.
2. Second Offense= Consultation with Head Coach and Executive Board President.

3. Third Offense= Dismissal from team.

Grievance Procedure:

Parents who are dissatisfied with the disciplinary steps taken with their child have the right to appeal to the Board of Directors. In such an instance, the parent(s) will notify the Head Coach and Board President. The decision of the Board of Directors will be final. Should this committee find grounds for the expulsion of any swimmer, that decision will be represented immediately for the remainder of the season and refunds will not be granted.

I will respect and care for the property of others. Vandalism, intentional damage to property, or theft will not be tolerated.
5. I understand that social media is “Forever.” Homophobic, misogynistic, racist, or otherwise insensitive material found on my social media may be used against me by recruiting and college admissions, and as such, may result in consequences from the EGRA organization.
6. I understand that I am a role model for my younger teammates and siblings. I will hold myself to a higher standard so that the program can continue to grow under a successful and welcoming culture. If I see something not in line with the club values outlined in this document, I will report it to a coach, parent or board member.

8. I will adhere to all travel meet policies found in Appendix C of our Team Handbook. I understand that any infraction occurred during team travel will not only incur the discipline listed in infractions below, but also may result in my immediate dismissal from the remainder of the trip.
9. I will obey all of USA Swimming’s Rules and Codes of Conduct. I will obey EGRA’s Minor Athlete Abuse and Anti-Bullying Policy (found in Appendix E of the Team Handbook). I understand bullying and abuse of any kind will not be tolerated.

I understand that my affiliation with the team extends beyond the pool and I understand that I am a representation of the entire EGRA Waves organization. I realize that I should conduct myself within the values held by the organization to the best of my ability including displaying good sportsmanship, kindness, and politeness.

Infractions:

1st Infraction: Meeting with the coach to remind swimmer of the Code of Conduct and redirect to desired behavior. If personal actions or behavior of the swimmer directly or indirectly impacted a 2nd party, reconciliatory action is recommended and may be facilitated by the coach.

2nd Infraction: A period of sitting out from practice will occur, duration to be determined by the disciplining coach; and a meeting with the parents of the swimmer will occur. Should a second infraction occur at a swim meet, that swimmer may be removed from the rest of their events. Events will not be refunded.

3rd Infraction: Dismissal and/or suspension from practice and competition for a determined length of time and a meeting with parents, Head/Group Coach(s), and, depending on severity of infraction, members of the Board of Directors.

4th Infraction: Dismissal from the team for the duration of the current season (including practice and competition) *and* subsequent season. Swimmer may re-apply for roster status by meeting criteria including, but not limited to in person meeting with coach and parents as well as a conditional plan of return that would outline expectations for return.

If the infraction is determined to be extremely serious, coaches may move to a higher level of infraction. Examples of such infractions could include compromising the safety or culture of our swim club for other participants or coaching staff, degrading the value and or mission of the club or include malice in intent or nature.

Grievance Procedure:

Parents who are dissatisfied with the disciplinary steps taken with their child have the right to appeal to the Board of Directors. In such an instance, the parent(s) will notify the Head Coach and Board President. The decision of the Board of Directors will be final. Should this committee find grounds for the expulsion of any swimmer, that decision will be represented immediately for the remainder of the season and refunds will not be granted.

Appendix C Coaches Code of Conduct

As a coach, you will soon realize the importance of your role in a young swimmer's life. Your words and your actions need to have a positive impact. Coaching is a privilege and with it comes responsibility. Coaches set the

culture of the team and are responsible for maintaining the culture and conduct of their swimmers, parents or guardians, as well as other coaches in the team environment.

The purpose of this code of conduct for coaches is to establish common expectations for all coaching staff of the EGRA Swim Club. As a coach with EGRA, I agree to the following:

- I will treat all coaches, swimmers, officials, and fans with fairly, impartially, and sensitively with respect regardless of age, race, creed, gender, or abilities, and I expect to be treated accordingly. Coaches who exhibit sexist, racist, homophobic, or otherwise inappropriate behavior will be faced with consequences.
- I will not engage in any kind of unsportsmanlike behavior with any official, opposing coach, swimmer, team representative, parent/guardian or spectator such as arguing, taunting, refusing to shake hands, excessive yelling, belittling or using profane language or gestures. I will encourage my swimmers, parents, and other coaches and team representatives to also engage in good sportsmanship.
- I will coach in a positive manner and refrain from foul language, derogatory comments, and behavior deemed dishonest, offensive, or illegal.
- I understand that social media is “Forever.” Homophobic, misogynistic, racist, or otherwise insensitive material found on my social media may be used against me by parents and colleagues, and as such, may result in consequences from the EGRA organization.
- I understand that I am a role model for my swimmers. I will hold myself to a higher standard so that the program can continue to grow under a successful and welcoming culture. If I see something not in line with the club values outlined in this document, I will report it to a coach, parent, or board member.
- I will always place the well-being, health, and safety of swimmers above all other considerations, including performance. I will use techniques and a coaching style that is appropriate for the skill level and age range that I work with, and will do my best to organize practices that are fun and challenging for all the swimmers in my group.
- I will continue to seek and maintain my own professional development in all areas in relation to coaching swimming and teaching children.
- I will always maintain a professional separation between coach and athlete and parent of athlete.
- At all times, I will adhere to USA Swimming’s rules and code of conduct as well as all rules and guidelines set forth in the EGRA Team Handbook. I will be knowledgeable in these rules and procedures so that I can communicate and teach these rules to the swimmers I work with.

I realize that I should conduct myself within the values held by the organization to the best of my ability including displaying good sportsmanship, kindness, and politeness.

Appendix D **Drugs, Alcohol and Tobacco**

The use of drugs, alcoholic beverages and tobacco products poses a risk to the health and safety of young people. In addition to this risk, the possession or use of drugs or alcoholic beverages can have

serious legal consequences for youth. The club will strive to instill in its swimmers a commitment to abstain from the illegal use of drugs and alcoholic beverages and the use of tobacco products. The club will maintain a wholesome and safe environment in which the swimmers can develop their athletic potential and grow into mature young adults. To these ends, the club has adopted the following policies:

1. A swimmer shall not engage in any behavior involving the illegal use of alcoholic beverages, illegal drugs or controlled substances, which tend to bring discredit to the swimmer or EGRA or knowingly remain in the presence of those engaged in such behavior(s). This prohibition shall apply at all times.
2. A swimmer shall not possess, use, or be under the influence of an alcoholic beverage while on the club premises or during a team event.
3. A swimmer shall not possess or use a controlled substance on the club premises unless it has been prescribed for the swimmer by a physician and is in the original container with the prescription label attached. A “controlled substance” is any drug for which a prescription is required.
4. A swimmer shall not use, possess, be under the influence of, or distribute to another person any drug paraphernalia or any illegal drug. “Drug paraphernalia” means any device designed or used for the purpose of introducing a drug into the body, including, for example, rolling papers, bongs and crack pipes. “Illegal” drug means any drug, which is illegal under the laws of the State of Michigan and any drug or substance, which is banned, by USA Swimming, the United States Anti-Doping Agency, the International Olympic Committee, or the World Anti-Doping Agency. Illegal drugs include, for example, marijuana, cocaine and steroids. This prohibition shall apply at all times.
5. If it is discovered that a swimmer is in possession of, using, or distributing illegal drugs, drug paraphernalia, alcoholic beverages or tobacco, a parent or the legal guardian of the swimmer will be notified.
6. A “team event” includes any swim meet, travel trip, event or activity in which the swimmer participates as a member of EGRA. “Club premises” includes any facility owned, leased or used by EGRA for a meet, practice or any other club sponsored event or activity.
7. EGRA reserves the right to bar or remove a swimmer if they violate the above policies while a member of EGRA or during their high school/middle school year.

Consequences for violating the Drug, Alcohol and Tobacco policy

Our first priority is to help the swimmer:

If a swimmer is concerned about his own involvement in drugs or alcohol or that of another swimmer, the swimmer is encouraged to talk confidentially with a coach. A swimmer who voluntarily discloses to a coach his involvement with drugs and alcohol will not be charged with a violation of the Team Rules as a result of such disclosure.

EGRA recognizes the need for sensitivity in dealing with these matters and will make every effort to ensure that confidentiality is upheld and that the privacy of those involved will be maintained and respected.

EGRA further recognizes that parents are the first and most important teachers of their children with regard to the use of alcohol, drugs and tobacco products and that parents are primarily responsible for their children's behavior in these and all other matters. It is EGRA's view however that any behavior that tends to bring discredit to the club is a legitimate cause of concern and falls within the purview of club review.

1. If the head coach determines that a swimmer has or may have violated a Team Rule, the head coach will determine the penalty/consequence for the violation after consultation with the swimmer's coach and parent or legal guardian. The penalty or consequences for a violation of the Team Rules will be at the discretion of the head coach. The penalties or consequences may include, but are not limited to one or more of the following.
 1. Counseling by the coach or designee
 2. Community Service
 3. Restriction from team trips and/or swim meets
 4. Loss of privileges
 5. Probation
 6. Suspension or
 7. Dismissal from the club.
2. In addition to any penalty imposed, a swimmer who is found to have violated a Team Rule relating to the use or possession of drugs or alcoholic beverages may be required, as a condition or remaining in the club, to have an assessment to determine their risk of chemical dependency. If a substance abuse problem is identified by an assessing agency, the swimmer must successfully complete the treatment program recommended by the agency as a condition of remaining in the club. Any costs associated with the requirements outlined in this paragraph will be borne by the swimmer or his/her parent(s) or legal guardian. Failure to complete a treatment program will result in dismissal from the club.
3. When the head coach determines a swimmer has violated a team rule that requires a penalty/consequence beyond counseling by the coach or designee, the head coach shall report such violation and the penalty/consequence as soon as possible to the President of the club. In those situations that call for a penalty/consequence beyond counseling by the coach or designee, the head coach shall also create and maintain a written record of the violation and penalty/consequence in each case.
4. A swimmer, his parents or legal guardian may appeal to the EGRA Board of Directors from a suspension or dismissal. The swimmer and his parents or legal guardian shall have the right to appear before the Board of Directors to argue against the suspension or dismissal and may have, at their election, an additional person appear with them to represent their interests. The Board of Directors may affirm, modify, or reverse the action of the head coach. While appeal is pending, the suspension or dismissal will be stayed.

5. If a swimmer is suspended from the club, there will be no refund or abatement of dues for the period of suspension. If the swimmer is dismissed from the club, the contract between EGRA and the swimmer's parent or legal guardian will terminate on the date the dismissal becomes effective. However, the parent or guardian will be liable for the dues incurred up to the effective date of the dismissal.

Appendix E
Travel Meet Policies

- 1) No swimmer without a valid driver's license shall attend a meet unless accompanied by a parent

or a chaperone arranged for by the swimmer's parents.

- 2) No swimmer shall drive a car to, from, or at an away swim meet unless accompanied by a parent or chaperone. Swimmers 16 years of age and older may drive themselves but may not be accompanied by younger swimmers.
- 3) If the team sponsors travel arrangement for swim meet, swimmers are expected to participate with the team travel arrangements, unless other arrangements are approved by the coach in advance.

APPENDIX A

[REQUIRED BY U.S. CENTER FOR SAFESPORT FOR INCLUSION AS APPENDIX TO THE USA SWIMMING MINOR ATHLETE ABUSE PREVENTION POLICY]

ORGANIZATIONAL REQUIREMENTS FOR EDUCATION & TRAINING AND PREVENTION POLICIES

All NGBs, LAOs, and the USOPC (the "Organization") must implement proactive policies designed to prevent abuse. These organizational requirements are described below.

A. Organizational Requirements for Education & Training

1. USA Swimming must track whether Adult Participants under its jurisdiction complete the required training listed in Part I.
2. USA Swimming must, every 12 months, offer and, subject to parental consent, give training to minor athletes on the prevention and reporting of child abuse.
3. For training to Minor Athletes, USA Swimming must track a description of the training and how the training was offered and provided to Minor Athletes.

1. USA Swimming is not required to track individual course completions of Minor Athletes.
2. USA Swimming must, every 12 months, , offer training to parents on the prevention and reporting of child abuse.
3. For training to parents, USA Swimming must track a description of the training and how the training was offered and provided to parents.
4. USA Swimming is not required to track individual course completions of parents.

B. Required Prevention Policies and Implementation

1. USA Swimming must develop minor athlete abuse prevention policies to limit one-on-one interactions between Minor Athletes and Adult Participants. These policies must contain the mandatory components of the Center’s model policies in Part III. These model policies cover:
 1. Meetings
 2. Individual Training Sessions
 3. Manual Therapy, Therapeutic, and Recovery Modalities
 4. Locker rooms and changing areas
 5. Electronic communications
 6. Transportation
 7. Lodging and Residential Environments
2. The policies must be approved by the Center as described in subsection (C) below. The policies may include the recommended components in Part III and the recommended policies in Part IV. Given the uniqueness of each sport, however, some recommended components or policies may not be feasible or appropriate. An Organization may choose to implement stricter standards than the model policies.
3. USA Swimming must also require that its LAOs implement these policies within each LAO.
4. USA Swimming, Zones, LSCs and member clubs must implement these policies for all In-Program Contact.
 1. At sanctioned events and facilities partially or fully under its jurisdiction, the organization
 2. must take steps to ensure the policies are implemented and followed.
 3. For In-Program Contact that occurs outside an Organization’s sanctioned event or facilities, implementing these policies means:
 1. Communicating the policies to individuals under its jurisdiction;
 2. Establishing a reporting mechanism for violations of the policies;
 3. Investigating and enforcing violations of the policies.

USA Swimming must have a reporting mechanism to accept reports that an Adult Participant is violating the Organization's minor athlete abuse prevention policies. USA Swimming must appropriately investigate and resolve any reports received, unless the violation is reported to the Center and it exercises jurisdiction over the report. This requirement is in addition to requirements to report abuse under the SafeSport Code.

C. Policy Approval and Submission Process

1. USA Swimming may adopt the mandatory minimum requirements of the MAAPP as-is or adapt it to fit their needs. Regardless, each Organization must submit their policies to the Center at compliance@safesport.org for review and approval by April 1, 2024. The Center will approve, approve with modifications, or deny the policies. If the Center denies the proposed policy, the mandatory components of Part III become the default policy until the Center approves the policy.
2. USA Swimming must require their LAOs to incorporate the mandatory components of Part III. USA Swimming may require that their LAOs implement the USA Swimming's policies, which may be more stringent than the policies in Part III.
3. The mandatory components of Part III will serve as the default policy for any organization that fails to develop its own policy as required by this section. Any changes made to USA Swimming's MAAPP after the policy is approved must be submitted to the Center for approval. The previously approved MAAPP will remain in effect until written approval is provided to USA Swimming from the Center.

Action Plan of East Grand Rapids Aquatics to Address Bullying

PURPOSE

Bullying of any kind is unacceptable at East Grand Rapids Aquatics (the “Club”) and will not be tolerated. Bullying is counterproductive to team spirit and can be devastating to a victim. The Club is committed to providing a safe, caring and friendly environment for all of our members. If bullying does occur, all athletes and parents should know that incidents will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to tell a coach, board member or athlete/mentor.

Objectives of the Club’s Bullying Policy and Action Plan:

1. To make it clear that the Club will not tolerate bullying in any form.
2. To define bullying and give all board members, coaches, parents and swimmers a good understanding of what bullying is.
3. To make it known to all parents, swimmers and coaching staff that there is a policy and protocol should any bullying issues arise.
4. To make how to report bullying clear and understandable.
5. To spread the word that East Grand Rapids Aquatics takes bullying seriously and that all swimmers and parents can be assured that they will be supported when bullying is reported.

WHAT IS BULLYING?

The USA Swimming Code of Conduct prohibits bullying. Generally, bullying is the use of aggression, whether intentional or not, which hurts another person. Bullying results in pain and distress.

The USA Swimming Code of Conduct defines bullying in 304.3.7. Bullying is the severe or repeated use by one or more USA Swimming members of oral, written, electronic or other technological expression, image, sound, data or intelligence of any nature (regardless of the method of transmission), or a physical act or gesture, or any combination thereof, directed at any other member that to a reasonably objective person has the effect of:

- i. causing physical or emotional harm to the other member or damage to the other member’s property;
- ii. placing the other member in reasonable fear of harm to himself/herself or of damage to his/her property;
- iii. creating a hostile environment for the other member at any USA Swimming activity;
- iv. infringing on the rights of the other member at any USA Swimming activity; or
- v. materially and substantially disrupting the training process or the orderly operation of any USA Swimming activity (which for the purposes of this section shall include, without limitation, practices, workouts and other events of a member club or LSC).

REPORTING PROCEDURE

An athlete who feels that he or she has been bullied is asked to do one or more of the following things:

- Talk to your parents;

- Talk to a Club Coach, Board Member, or other designated individual;
- Write a letter or email to the Club Coach, Board Member, or other designated individual;
- Make a report to the USA Swimming Safe Sport staff.

There is no express time limit for initiating a complaint under this procedure, but every effort should be made to bring the complaint to the attention of the appropriate club leadership as soon as possible to make sure that memories are fresh and behavior can be accurately recalled and the bullying behavior can be stopped as soon as possible.

HOW WE HANDLE BULLYING

If bullying is occurring during team-related activities, we **STOP BULLYING ON THE SPOT** using the following steps:

1. Intervene immediately. It is ok to get another adult to help.
2. Separate the kids involved.
3. Make sure everyone is safe.
4. Meet any immediate medical or mental health needs.
5. Stay calm. Reassure the kids involved, including bystanders.
6. Model respectful behavior when you intervene.

If bullying is occurring at our club or it is reported to be occurring at our club, we address the bullying by **FINDING OUT WHAT HAPPENED** and **SUPPORTING THE KIDS INVOLVED** using the following approach:

FINDING OUT WHAT HAPPENED

1. **First, we get the facts.**
 - a. Keep all the involved children separate.
 - b. Get the story from several sources, both adults and kids.
 - c. Listen without blaming.
 - d. Don't call the act "bullying" while you are trying to understand what happened.
 - e. It may be difficult to get the whole story, especially if multiple athletes are involved or the bullying involves social bullying or cyber bullying. Collect all available information.
2. **Then, we determine if it's bullying.** There are many behaviors that look like bullying but require different approaches. It is important to determine whether the situation is bullying or something else.
 - a. Review the USA Swimming definition of bullying;
 - b. To determine if the behavior is bullying or something else, consider the following questions:
 - What is the history between the kids involved?
 - Have there been past conflicts?

- Is there a power imbalance? Remember that a power imbalance is not limited to physical strength. It is sometimes not easily recognized. If the targeted child feels like there is a power imbalance, there probably is.
- Has this happened before? Is the child worried it will happen again?
- c. Remember that it may not matter “who started it.” Some kids who are bullied may be seen as annoying or provoking, but this does not excuse the bullying behavior.
- d. Once you have determined if the situation is bullying, support all of the kids involved.

SUPPORTING THE KIDS INVOLVED

3. Support the kids who are being bullied

- a. Listen and focus on the child. Learn what’s been going on and show you want to help. Assure the child that bullying is not their fault.
- b. Work together to resolve the situation and protect the bullied child. The child, parents, and fellow team members and coaches may all have valuable input. It may help to:
 - i. Ask the child being bullied what can be done to make him or her feel safe. Remember that changes to routine should be minimized. He or she is not at fault and should not be singled out. For example, consider rearranging lane assignments for everyone. If bigger moves are necessary, such as switching practice groups, the child who is bullied should not be forced to change.
 - ii. Develop a game plan. Maintain open communication between the Club and parents. Discuss the steps that will be taken and how bullying will be addressed going forward.
- c. Be persistent. Bullying may not end overnight. Commit to making it stop and consistently support the bullied child.

4. Address bullying behavior

- a. Make sure the child knows what the problem behavior is. Young people who bully must learn their behavior is wrong and harms others.
- b. Show kids that bullying is taken seriously. Calmly tell the child that bullying will not be tolerated. Model respectful behavior when addressing the problem.
- c. Work with the child to understand some of the reasons he or she bullied. For example:
 - i. Sometimes children bully to fit in or just to make fun of someone is a little different from them. In other words, there may be some insecurity involved.
 - ii. Other times kids act out because something else—issues at home, abuse, stress—is going on in their lives. They also may have been bullied. These kids may be in need of additional support.
- d. Involve the kid who bullied in making amends or repairing the situation. The goal is to help them see how their actions affect others. For example, the child can:
 - i. Write a letter apologizing to the athlete who was bullied.
 - ii. Do a good deed for the person who was bullied, for the Club, or for others in your community.
 - iii. Clean up, repair, or pay for any property they damaged.
- e. Avoid strategies that don’t work or have negative consequences:

- i. Zero tolerance or “three strikes, you’re out” strategies don’t work. Suspending or removing from the team swimmers who bully does not reduce bullying behavior. Swimmers may be less likely to report and address bullying if suspension or getting kicked off the team is the consequence.
 - ii. Conflict resolution and peer mediation don’t work for bullying. Bullying is not a conflict between people of equal power who share equal blame. Facing those who have bullied may further upset kids who have been bullied.
 - f. Follow-up. After the bullying issue is resolved, continue finding ways to help the child who bullied to understand how what they do affects other people. For example, praise acts of kindness or talk about what it means to be a good teammate.
5. **Support bystanders who witness bullying.** Every day, kids witness bullying. They want to help, but don’t know how. Fortunately, there are a few simple, safe ways that athletes can help stop bullying when they see it happening.
- a. Be a friend to the person being bullied;
 - b. Tell a trusted adult – your parent, coach, or club board member;
 - c. Help the kid being bullied get away from the situation. Create a distraction, focus the attention on something else, or offer a way for the target to get out of the situation. “Let’s go, practice is about to start.”
 - d. Set a good example by not bullying others.
 - e. Don’t give the bully an audience. Bullies are encouraged by the attention they get from bystanders. If you do nothing else, just walk away.

EGRA MODEL PHOTOGRAPHY POLICIES

PURPOSE

There has been much talk about whether it is safe to have images taken of children participating in sports. While the great majority of images are appropriate and are taken in good faith, it is a fact that images can be misused and children can be put at risk if common-sense procedures are not observed.

POLICIES

1. The publishing of a photograph of swimmer under 18 either on a notice board or in a published article or video recording (including video streaming) of swimming competitions (“publication”) should only be done with parents’ consent per the attached form.
2. A parent or guardian has a right of refuse to have children photographed. The exercise of this right of refusal cannot be used as grounds for refusing entry into a swimming competition. Therefore, any photo that may go to press or on a notice board, be it through a member of the club or official photographer, should receive parental consent before publishing/displaying the photo, preferably in writing. A suggested form allowing parents to indicate refusal of consent is to follow.

In the case of open meets and other competitions where the host club has an official photographer present, all parents attending should be made aware of this in your meet information. If photos are to be published anywhere, the individual parent should be given the opportunity to withhold their consent. Their right to do so should be specifically drawn to their attention.

All photographs must observe generally accepted standards of decency in particular:

- Action shots should be a celebration of the sporting activity and not a sexualized image in a sporting context.
- Action shots should not be taken or retained where the photograph reveals a torn or displaced swim suit.
- Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.
- Photographs should not be taken in locker-rooms or bathrooms.

EGRA Photography Consent Form:

East Grand Rapids Aquatics may wish to take photographs (individual and in groups) of swimmers under the age of 18 that may include your child during their membership in the club. All photos will be taken and published in line with club policy. The club requires parental consent to take and use photographs.

Parents have a right to refuse agreement to their child being photographed.

EGRA Waves Technical Suit Guidelines

The competitive sport of swimming is constantly changing and evolving. There are new ideas about training, “faster” pools being built, new equipment released and the introduction of technical racing suits. In year’s past, swimmers would work hard throughout the season and prepare for their championship meet by resting and tapering, eating well and shaving (older swimmers only!). Now swimmers can “suit up” at the end of the season by wearing a technical suit in hopes of swimming even faster times.

Technical suits (which can cost up to \$500!!!) are engineered to enhance the swimmer's buoyancy in the water while decreasing resistance and drag. “Tech” suits include the Fastskin, Fastskin2, the Lzr, Lzr Pro, Fastskin Pro, the Aquablade, ect.

While wearing a technical suit may be an important part of swimming fast at the end of the season, our coaches want parents to use the following guidelines:

1. When should my swimmer wear a tech suit?
 1. Wearing a technical suit should be reserved for that swimmer’s last meet of the season or last chance to make a certain cut. We want our swimmers to value hard work, skill, and technique as means to improvement; and believe that tech suits should be used in conjunction with this preparation.
 2. In high school, swimmers are not allowed to wear these suits until their very last meet so we try to mirror the same philosophy in our program.
2. What age/group is generally appropriate for a tech suit?
 1. Swimmers in the Wealthy groups do not need a technical suit. They can make bigger improvements by improving technique (streamlining, faster starts, ect).
 2. Additionally, these suits are expensive and younger swimmers will most likely outgrow them in a short period of time. It is best to delay wearing one of these suits until later in their career, or for bigger meets.
 3. Swimmers in Silver and above may start to consider wearing a technical suit as they push themselves to achieve Junior Olympic, State, and Zone level cuts.
3. What suit style should I choose for a tech suit for a “first-timer” at the Junior Olympic or State Meet?
 1. It is our recommendation that swimmers in Silver and even Gold begin with a Speedo Fastskin2 or Speedo Aquablade style suit. For the both suits, both girl’s and boy’s suits follow our team suit style: girls are a one piece style, while boys are a jammer style. It is a great suit that will last and is easy to get on.
4. What suit style should I choose for a higher level meet?
 1. As swimmers move up to higher level meets (State, Zones, Sectional, Nationals), coaches highly recommend a kneeskin variation such as the Speedo Lzr and the Lzr Pro (cut goes down to the knees for girls) for girls and jammer variation for boys. Suits at this level are expensive: \$250-\$500. They only last for a couple of championship meets before wearing down. These suits can often take 10-20 minutes to put on because they are so tight!

2. By waiting to get one of these suits later in their career, many kids will keep the same size and swimmers who qualify for those higher level meets (Jr Nationals, Nationals, Olympic Trials) often receive a free or discounted suit.
5. Where can we get a tech suit?
 1. Our team dealer, MakingWaves.
 2. Speedo is our team suit and we receive a discount. Often swimmers find a different brand that fits better. It is fine to purchase a different brand but you won't get the Speedo discount. An example of a different suit is the Blueseventy Jr. which is an excellent suit for more petite Silver and above swimmers according to some of our parents.
You can also order them directly from the suit manufacturer or we have even seen them on Ebay. Please make sure that the suit that you purchase is an approved FINA suit!

Again, we want to reiterate the thought process that goes into choosing to wear a technical suit. There is much more that goes into swimming fast than putting on an expensive suit, and your coaching staff hope that our suit policy will stress the hard work and preparation, instead of the quick fix.
