

USA Swimming Registration Instructions

USA Swimming registrations must be completed and paid-for through the USA Swimming Online Member Registration Process in order for swimmers to participate in practices and meets. **As USA Swimming provides our club liability insurance for the swimmers while they are on deck and in the pool, swimmers will not be allowed to practice until that requirement is completed.** Please follow the instructions below to complete this process.

Creating a Parent Account:

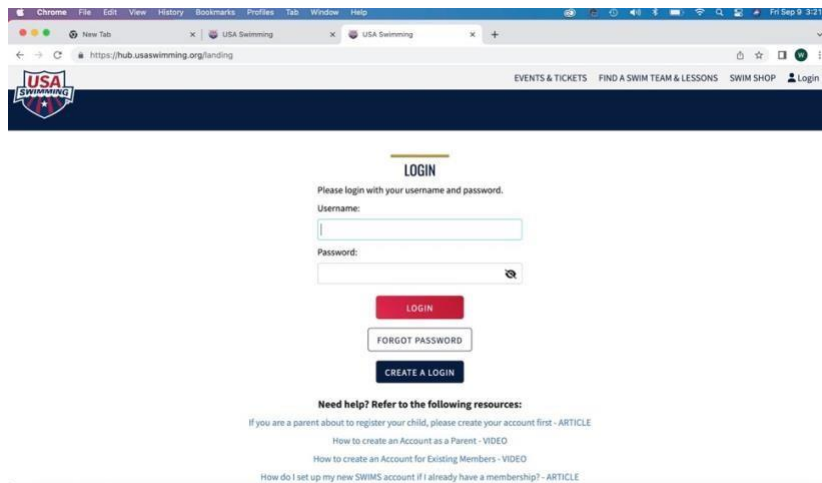

All parents must create a Parent Account in the USA Swimming Membership Site. This is separate from the Gators website. *If you already have a Parent Account and purchased a membership from the last membership year, your swimmer's renewal will be managed by the club and billed to your account.*

- Go to <https://hub.usaswimming.org/landing> and create an account. Select “Create a Login” and provide your email address. A verification email will be sent to that email address from swims@usaswimming.org. Make sure to check your spam folder or add this to your trusted senders list. Enter the verification code to proceed.
