**Michigan Interscholastic Swim Coaches Associations
Executive Board Meeting – May 1, 2022**

If possible, I would like to get a list of our membership that has coaches 20 or more years. Last year, I emailed coaches that had over 20 years of coaching and asked them to consider applying for the MHSCA HOF and we generated some applications. I would like to do that again this year.

Title IX is not 50 years old. The MHSCA was wondering if there is data out there that shows how many females are coaching in each association.

There was talk about possibly not having the MHSCA COY banquet in November. The discussion was made that the MHSCA COY awards could be passed out at each association's banquet.

Dream Team

Michael McHugh

Was completed quickly, swim swam did not post (busy time with NCAA)
