## Let The Games Begin!

As we welcome you to this showcase of some of the most outstanding teams and individuals in Michigan interscholastic athletics, it is important we remind them and you of the value that comes from a broad range of experiences at the high school level.

With very rare exception does specializing in one sport at the high school level benefit a student academically or athletically. Overwhelming is the evidence that students who participate in *several* school activities do better in school and are more successful in later life.

This sport should be viewed as but one offering of an expansive buffet of opportunities that communities provide their students through interscholastic activities. This view will enrich your student's lives and, in doing so, nourish your community for another generation.

—John E. "Jack" Roberts  
MHSAA Executive Director
