# Let The Games Begin!

**W**elcome to this MHSAA championship event. It is the reality that all but a few teams end their season with a loss that requires we understand and appreciate high school athletics for much more than wins and championships. They're nice, but they must not be considered necessary to define a winning season.

Far more important are the lessons to be learned day-in and day-out at practices and week-in and week-out at contests. Lessons about hard work and fair play, about commitment and discipline, about winning and losing with equal grace.

Schools and communities who teach these lessons are the victors, and their athletes are the champions we should all strive to be.

—John E. "Jack" Roberts  
MHSAA Executive Director
