Let The Games Begin!

The challenges in educational athletics go outside the lines of a playing field, they go the very root of what is important in life.

As we crown these champions, we should be more concerned about their efforts in the areas of character, citizenship and sportsmanship — values which will have a longer lifetime impact — than we should be about the game's final score.

Win or lose, there are no excuses for not practicing good sportsmanship.

—John E. "Jack" Roberts
