

# Mantas Scrip Program Guidelines

1. **E-gift cards** will be sent to you directly and immediately. **Two physical card orders a month** will be placed by the Mantas Scrip coordinator on the 1st and 15th.
2. **Payment options** include “presto pay” and credit card payments through the <https://www.shopwithscrip.com> website. **We will not accept check payments.**
3. **The rebate money is shared 50/50 between the Mantas family and the club** (for operating expenses). The family will always SEE the **total** rebate amount when checking out, and in your account online: HALF of this will stay with the club, the other half may be used off of the family’s registration fees at either fall, spring, or summer sign-up.
4. If for some reason a family no longer participates with Mantas, the scrip money does not leave the club. This program is set up for non-profits only and must stay within the club. (please ask if you have questions)
5. **Order Pick-Up Day:** The order must be picked up by either the family member who placed the order, or that person must indicate to the coordinator who has permission to pick up the order. No orders will be sent home with young swimmers in order to ensure the safe keeping of your order. (This is basically MONEY in an envelope!) Please let the coordinator (Stephanie Otto; [mantasscrip@gmail.com](mailto:mantasscrip@gmail.com) ) know if you need special assistance in getting a hold of your order. We are glad to make arrangements.
6. You will be notified when and where **physical gift card** orders will be available for pick up. Orders must be signed out for security reasons by either the adult or older swimmer who has permission to pick up the order.
