## Meet Registration Dateline

All swim meets have a registering dateline. It is for the host to get everything organized like getting all the entries together to make the program and timeline and make sure all swimmers are registered with USA swimming. Datelines are critical. Swim meets can fill up very fast. The host may not give an extension. Once the meet is full the host cannot add any new swimmers anymore.

To find the Registration Dateline:

- Click on the swim meet name
- Registration dateline is on the right:

## Should my child do swim meet

- Swim meet helps you to know where your child is at with his/her stroke skills and speed

- Allows to see the improvement, how far the swimmer has accomplished and what are the future goals
- Time to get bonded with other teammates in other STAR groups and with other teams
- Time to socialize
- If you don't do swim meet you are not going to know how good you are

### **How many swim meet my child should compete**

- There is no limit
- Encourage to do at least swim meet hosted by STAR
- Start with Novice meet or meets that don't have any time standard
- Post season:
  - a. If the swimmer does not meet any time standard or has C or bronze time: encourage to do Bronze meet or MAC (Minnesota Achievement Championship) meet
  - b. If the swimmer has at least Silver time standard but below Champ time: encourage to do MRC (Minnesota Regional Championship)
  - c. If the swimmer has Champ time: encourage to do State meet
