

FREEDOM AQUATICS MISSION STATEMENT

Freedom Aquatics is a competitive USA swim team that provides exceptional coaching expertise to developing swimmers. We are committed to providing a safe, drug and bullying free environment in which our swimmers can thrive and succeed. We have assembled a diverse group of dedicated and skilled coaches who utilize contemporary and traditional training techniques to help our swimmers achieve their greatest potential. Our staff hold the swimmer's best interests at heart, whether their focus is achieving a personal best or qualifying for national competition. While a swimmer's success might simply be measured in seconds, Freedom Aquatics endeavors to instill self-discipline, good sportsmanship and self-confidence in our swimmers. Above all, we value the evolution of good character within our swimmers. To uphold these standards, Freedom Aquatics recognizes all of our swimmer's accomplishments, both in and out of the pool.
