

## **About Volunteer Hours**

To develop and promote competitive swimming for all ages and abilities. GAC encourages a lifestyle of health and fitness by developing athletes with high self-esteem, respect, and sportsmanship. The development of these assets enables our athletes to better serve our sport and the community of Kalispell.

## **Volunteer Hours**

Volunteers are the backbone of GAC. Our program would not be successful without the generous participation of our family volunteers. Each family is required to perform a minimum of 20 hours of volunteer activities throughout the swim year (September 1 -August 31).

There are several activities that happen each year. We have appreciated the help in the past and look forward to working with everyone going forward.

In addition, we recognize that schedules can be full for families. If you cannot commit to volunteer time, you will be billed \$50/hour on September 1<sup>st</sup> in lieu of required hours.

## **Checking Volunteer Hours**

Each family can check their current volunteer hours balance on our team website <u>https://www.teamunify.com/team/mtkats/page/home</u>.

The Glacier Aquatic Club's Mission is to develop and promote competitive swimming for all ages and abilities. To have a unique effect on encouraging a lifestyle of health and fitness, by developing athletes with high self esteem, respect, and sportsmanship that may better serve our sport and our community of the Flathead Valley and the State of Montana. All of our coaches, as members of the American Swimming Coaches Association, have access to the most comprehensive training and certification program for youth coaches of any sport in the United States. They provide assurances that the time children spend in swimming will be quality time. We are a non-profit club that is run by its elected Board of Directors which meets each month. All members are welcome at each meeting and encouraged to be involved in team activities and fundraisers.		ation -> Swim Levels ->	Parent Information 🗸 Ev		Safe Sport
