The Glacier Aquatic Club's Mission is to develop and promote competitive swimming for all ages and abilities. To have a unique effect on encouraging a lifestyle of health and fitness, by developing athletes with high self esteem, respect, and sportsmanship that may better serve our sport and our community of the Flathead Valley and the State of Montana.

All of our coaches, as members of the American Swimming Coaches Association, have access to the most comprehensive training and certification program for youth coaches of any sport in the United States. They provide assurances that the time children spend in swimming will be quality time. We are a non-profit club that is run by its elected Board of Directors which meets each month. All members are welcome at each meeting and encouraged to be involved in team activities and fundraisers.
