The club does not need to be a USA Swimming member club. It may be any club that your athlete wishes to recognize. Listing this club is for recognition purposes only. Listing this club has nothing to do with representation, team scoring or credentials.

Waiver and Release Form

The USA Swimming Waiver and Release Form will be automatically generated by the online system. These forms must be submitted at the registration desk. Make copies as needed for each swimmer. Having this completed will save time during check-in at the competition site. Additionally, a parent or legal guardian must sign form if swimmer is under the age of majority in his/her home state.

Rules

USA Swimming Rules and Regulations will govern the conduct of these Championships. It shall be the swimmers' and coaches' responsibility to acquaint themselves with all of the information contained in this meet information book. No U.S. swimmer will be permitted to compete unless he/she is a member as provided in Article 302. Any U.S. swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start. It is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement. This event and associated time trials are held under the sanction of USA Swimming. It is understood and agreed that USA Swimming shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event.

Membership Requirement

All persons expecting to receive a deck pass should be prepared to show a current USA Swimming membership card. Non-members who have successfully completed the Athlete Protection Training (APT) course and a USA Swimming background check may join on site at the registration check-in desk. Information regarding the APT course and the background check will be available at meet check-in and is also online at usaswimming.org/protect. Coaches must provide proof of CPR, First Aid and Safety Training for Swimming Coaches or USA Swimming approved equivalents, and must have successfully passed the required background check and APT Course.

No swimmer will be issued credential without a coach member present. If the home club coach is not planning to attend event, swimmer must be assigned a supervising coach. Arriving with fellow LSC club/coach is preferred. However, if a swimmer arrives without a coach, he/she must find a willing coach at the facility to sign supervision form before a credential can be issued.

SWIMS Database—Proof of Time

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition
- B. USA Swimming Approved competition - Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims - Be sure a proper request for an Observed Swim is made according to guidelines appearing in the USA Swimming SWIMS Time Module Policy Manual, and prior to the start of the meet, verify that proper procedures are in place for the Observed swim.

Entering Official Times

Individual Events - All individual entry times must be made prior to the entry deadline and must be proven prior to the scratch deadline for that event through the SWIMS Database. No swimmer will be permitted to swim without said proof. Program Operations reserves the right to challenge any submitted time. All scratches must be proven.

Responsibility Clause

The coach, swimmer or swimmer representative who signs a USA Swimming Championship entry form attests that all times stated in the entry form are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to the Corporation for each such time entered, unless absolved of the fine by the Vice President of Program Operations or designee or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by USA Swimming.

Such penalty shall also be levied against any USA Swimming verification officer who entered such a false or incorrect time(s) into the SWIMS Database.

Appeal of fines are to be made to the Vice President of Program Operations or designee and/or Board of Review. Any appeal of the decision of the Vice President of Program Operations or designee shall be in accordance with the provisions of Part Four, specifically Article 407.

Automatic Proven Times

If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

SWIMS data entry from properly authorized and observed college meets must be requested. These times will not be automatically placed in the database. Times from all major international championships will be automatically entered in the database. Times from any other meets in which National time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends.

Note: Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry won't enter a swimmer into a competition nor place your club on the USA Swimming mailing list.

Program Operations will provide a complete schedule of warm-up procedures to include lane usage and times, which must be adhered to by all participants. This information will be distributed with the meet information at registration, posted throughout the venue, announced on a regular basis before and during the meet, and monitored by the Meet Referee (or his/her special designees). Flagrant violation of these procedures may result in a disqualification from the meet for unsportsmanlike activity. Encourage your swimmers to cooperate with marshals. Distance Freestyle

- A. Distance Entry - Any swimmer who qualifies for the 1650 yard freestyle events may enter at their fastest time or at the qualifying time standard, if entered in two or more events on the day of the distance freestyle.
- B. Swimmers may qualify for the 1650 Freestyle events using the 1500/1650 time standards or the 800/1000 time standards.
- C. Distance Check-in and Seeding - Entrants in the 1650 yard freestyle must check in and confirm their intention to compete before the scratch deadline in order to be seeded. Seeded heat sheets will be published at the end of finals the evening before. The swimmers will be listed in the psych sheet in the order of submitted times, beginning

with the fastest.

- D. With the exception of the fastest heat, the 1650 Freestyle events (timed finals) will be swum during prelims, with the men's and women's events running simultaneously in their respective pools. Only the fastest (single) seeded heat of Women's and Men's 1650 Freestyle events will be swum in the final session. If only one pool is used for the competition, heats will be swum during prelims, alternating women's and men's heats, with the second fastest heat last, third fastest heat next to last, fourth fastest heat third from last and continuing until all heats are swum. The starting time for each heat held during the preliminary session shall be scheduled so that the second fastest heat of the Men's event is concluded 60 minutes before the evening finals session is scheduled to begin.

Finals Session Event Order

There will be a bonus, consolation, and championship final in each individual event at this Championship (except the 1650 yard freestyle events, which will have only the fastest heat swimming in the finals session). In the Finals, the B (consolation) heat will swim first, followed by the A (championship) heat. After all the A and B heats are completed, the C (bonus) heat will be swum. All relays will be swum at the end of the "A/B" finals session, prior to beginning the C heats.

Meet Scoring

Scoring will be on a sixteen (16) place basis. Individual events: 20, 17, 16, 15, 14, 13, 12, 11, 9, 7, 6, 5, 4, 3, 2, 1. Relay events receive double these point values.

Results

After each evening's finals at these championships, the results will be available at usaswimming.org/nationals.

Video Review

USA Swimming will be providing a "VIDEO REVIEW" station on deck for coaches and athletes. Club Development Sport Performance Consultants will make video of all races available shortly after the each heat is completed. Coaches (and athletes) have the option to bring their own flash drive and we can download the race for them. Look for the USA Swimming Video Review banner and stop by with your athlete to watch and review video of your athletes' races. There is no charge for this service. Time Trials video will not be available.

Awards

An awards ceremony will be conducted immediately after each event. The top three swimmers in each individual event, and the top three relays in each relay event, should report to the Awards Staging Area following the "A" Final for their event, and immediately dress in official team apparel for the medal ceremony. The coach of each first place winner will present awards for that event.

- ◆ Team Awards - Awards will be provided for the top three teams in Men's, Women's, and Combined categories. There will be no awards for college teams.
- ◆ Medals - A medal ceremony will be conducted for the top three place winners in each event. Fourth through eighth place finishers should pick up their medals in the awards staging area. An "18&Under" National Champion medal will also be presented to the highest placing American 18&under swimmer in each individual event.
- ◆ Individual High Point Awards - Male and Female Awards will be given at the National Championships. These awards are named after Robert J. Kiphuth, the great swimming coach from Yale University.
- ◆ Phillips 66 Performance Award - This award, sponsored by USA Swimming corporate partner, Phillips 66, is presented to the swimmer who achieves the single most outstanding performance of the meet.

Time Trials

Time Trials will be conducted for all swimmers who enter and compete in the meet provided there is sufficient time between the end of the preliminary session and the start of warm-ups for the final session. Time Trial entries will only be taken on-site at the Clerk of Course. Relay-only swimmers will be allowed to swim in time trials.

- A. Time Trials will be conducted in short course yards each day.
- B. A swimmer is limited to a maximum of two Time Trials during the course of the Championships.
- C. A swimmer must be entered in the meet with a proven time to participate in the Time Trials
- D. The Time Trial entry deadline shall be one hour prior to the estimated/published conclusion of that days preliminary session.
- E. Entry fees for Time Trials are the same as those established for the Championships.
- F. Except as noted below, Time Trials shall be swum in the order listed under the meet program as follows:
 - ◆ First Day: that day's events, followed by the remaining events in the meet.

- ◆ Second Day and Third Day: that day's events, followed by the remaining events in the meet.
- ◆ The distance freestyle events will typically be offered on only one day of the meet. The day will be determined by the Meet Referee, depending on the size of the meet, time available, etc; and be announced at the General Meeting.

DOPING CONTROL

The 2017 Winter National Championships are subject to Doping Control.

All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA) per the 2017 Prohibited Substances List, WADA, and/or FINA under the In-Competition Testing program. This section is intended to give an overview of the key points relevant to this program and the testing which will be conducted at the competitions governed by this booklet. Athletes should visit <http://www.usada.org/athletes/antidoping101/> for important information that all athletes, coaches, and their parents must be aware of. Key details from that document are listed below. Athletes should check their medications prior to use and note that some medications may require approval that will take at least 21 days.

What substances are banned?

Per USADA: "As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti-Doping Agency Prohibited List. It's important that athletes are aware of the substances and methods on the Prohibited List, as an athlete is responsible for any prohibited substance found in their body, regardless of intent. It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during competition. In some cases, a substance is only prohibited in a certain sport. Use the resources on this tab in conjunction with the next step about medication and the resources available pertaining to medication to determine whether or not a substance is prohibited." [Read the Athlete Guide to the WADA Prohibited List](#)

What about medication?

Per USADA: "Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to understand your medication is to use USADA's [Global DRO](#) service, where generic and name brand products, or specific medications, can be searched. Results will yield information including the in- and out-of-competition status, any threshold information, as well as sport specific information for those substances prohibited only in certain sports. Athletes or their support team can also speak to an expert by phone during business hours [8am – 5pm Mountain Time Monday-Friday] by calling Athlete Express at 719.785.2000.

The [USADA wallet card](#) also provides information on the most commonly ingested medications. If and when a medication is prohibited, athletes may choose to stop taking or replace the medication with a non-prohibited substance or explore the [Therapeutic Use Exemption](#) process.

Your health is your first priority. Any decision to stop or start a medication should be made in consultation with your medical provider. It's important to understand that Dietary Supplements are not medication. They are regulated and manufactured differently. For these reasons, USADA is unable to provide guidance on specific dietary supplement products. For more information [visit USADA's Supplement 411 resource.](#)"

Therapeutic Use Exemptions?

Per USADA: "In some situations, an athlete may have an illness or condition that requires the use of medication listed on the World Anti-Doping Agency's [Prohibited List](#). A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. In some cases, the TUE requirements are different for national-level athletes vs. non-national level athletes. Athletes interested in obtaining a TUE should visit the [Therapeutic Use Exemption page](#), where they can determine if they need a therapeutic use exemption, begin the application process, and find answers to the most frequently asked TUE questions."

Understand the Sample Collection Process:

Per USADA: "Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet safe and comfortable for the athlete. Understanding the processes as well as an athlete's rights and responsibilities can help to make them less intimidating. There are additional considerations for minor athletes and disabled athletes. Learn more about the sample collection processes [here](#)." NOTE: Minor athlete should always have a representative with them in doping control.

Per established doping control testing protocol a Witnessing Chaperone must directly observe an athlete providing a sample. The witnessing chaperone is always someone of the same gender as the athlete. To protect the rights of a minor athlete, someone must observe the witnessing chaperone observing the athlete as they provide a urine sample. That person cannot see the athlete – they can only see the witnessing chaperone watching the athlete. Per USADA's established protocol the athlete has the right to choose who will be in that role. In the event that a coach acts as an Athlete Representative for an athlete of the opposite gender, they may request that someone on USADA's crew observe the witnessing chaperone observing the athlete. Then the coach can be the athlete representative for the rest of the processing of the paperwork.

Doping Control rule for athletes previously eligible for out of competition drug testing:

Athletes who were previously eligible for out of competition (no-advance-notice) doping control and officially retired have a 6 month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Swimming sanctioned events (local competitions all the way up through National competitions including meets with a dual sanction from Masters and USA Swimming) or FINA sanctioned events. If you have an athlete in this
