

Montana Swimming Executive Board Meeting Minutes

Online Vote to Change the Entry Deadline for LC State -- July 13, 2022

On July 13, 2022, General Chair Matt Yovich sent out an email requesting an online vote on the following question to move the entry deadline to Friday July 15, 2022, for the Montana Swimming Long Course State Championships:

All – Susan has been working with Justin in Helena to get the meet file from the Last Chance Meet in shape to import times and allow those times to be used by coaches for entries to LC State. After some significant delays, she received the file late last night and has been working through 10 pages of exceptions in the first review of the file. She's also more than busy as admin ref at Mt Hood this weekend. I'd like to suggest and offer a motion to extend the required entry deadline for OME by two days to Friday, July 15, 2022 at midnight to allow the times from Helena to be used by coaches for entries. The late entry deadline will not change.

This is unfortunate, but I think its most fair to the swimmers and easiest on the coaches and LC meet admin.

The alternative is for coaches to put in overrides in OME for all of the entries using Helena times. That's difficult and time consuming on the front end for coaches and on the back end for meet admin. Please respond ASAP to all on this email with a second and any discussion or up or down votes.

Matt

Susan Huckleby seconded the motion made by Matt.

M/S/P: The motion passed.

Respectfully submitted,

Susan Huckleby

Secretary
