

Sarah Mitchell, Office Assistant and Assistant Dance Teacher.

Sarah's love for dance started when I was 4 years old watching a performance of the Nutcracker ballet. She started taking ballet at the Central Coast School of Dance when she turned 5. She soon progressed to taking every other style of dance that her studio offered; Ballet, Jazz, Tap, Modern and a little Hip Hop. As soon as she was old enough, she immediately joined a competition company at her studio. The dance companies would compete at Showstoppers every year in Anaheim, California. They were always on the move dancing wherever they could. She quite dance all together when she was 17 to focus on a career.

After a few years of living here in Red Lodge her daughter decided she wanted to dance. She saw that year that there were not many people available to Miss Pat out backstage so, she jumped in. She started taking classes at the Red Lodge School of Dance the next season in 2018. She had the opportunity to teach a tap class the 2019/2020 dance season. Now she assists Miss Pat with her Creative Movements, Ballet and Tap classes.

Since she has prior office experience at a community college for 9 years and a hardware store for 3, she also assist in the office.
