- 1:00 pm - 2:00 pm
- More swim team times will be scheduled as needed.

### **Swim Lessons**

Swim lesson dates and times for one on one registration is now available.

## **Aquatics Center Reopening Guidelines**

- All participants must complete and submit the [waiver](#) to Brownell Talbot before their first session/lesson.
- Swimmers must register in advance to use the swimming pool. Group sizes are to 10 people using the pool at one time. Please contact [Jimmy Parmenter](#) to register to use the pool. Lessons are one on one and registration is on the website.
- Swimmers should arrive 15 minutes early for practice and wait for a coach to unlock the facility door. Please maintain social distancing while waiting in the parking lot. Athletes must enter and exit swim facilities adhering to social distancing.

# BROWNELL TALBOT

- Swimmers will adhere to social distancing. Due to the nature of these activities please note that social distancing among participants and staff may not always be possible.
- Every person when inside the school's building are **required** to wear face masks. Participants **MUST** bring their own face mask to wear from home. Before entering the water, face masks may be removed.
- Every person who enters the school building must wash hands at the sanitizing station located in the entrance and proceed downstairs to the pool.
- Parents should stay in their cars and not enter the facility. Drop-off and pickup should occur in the parking lot off Underwood Avenue.
- Swimmers must arrive at the pool prepared to swim in their suits. The locker rooms and changing stalls in the hallway will be closed. Showering is not permitted.
- Swimmers will enter and exit the pool deck through the main entrance. They are to not exit through the locker rooms.
- Swimmers should immediately report to their pre-assigned lanes and put their belongings at the end of the lane near the wall.
- Two swimmers will be stationed at each lane at opposite ends of the pool. Swimmers beginning at the starting block side of the pool will swim on the side of the lane closest to the locker rooms. Swimmers beginning at the shallow end will swim on the side of the lane closest to the rock wall. Swimmers must stay six feet apart when resting at the wall. Students for lessons are one on one only.
- Locker rooms will be closed except for use of the restrooms. Only one swimmer will be permitted to use the restroom at a time.
- Swimmers are required to bring their own water bottle, which needs to be filled up before entering the facility. The drinking fountain will be off limits.
- Swimmers must depart the facility before the next group arrives.
- Parents must be ready to pick up swimmers as soon as practice concludes and leave campus.

# BROWNELL TALBOT

- Swimmers who do not follow these rules are subject to suspension or termination from the program. Parents of student swimmers will be communicated with before it reaches this level.

## COVID-19 Policy

The continued health and well-being of our families and staff are our highest priorities. In the interest of limiting the opportunity for transmission in our community, we are taking the following precautionary measures:

**ALL CHILDREN, FACULTY AND STAFF, FAMILIES, HOUSEHOLD MEMBERS  
MUST CONDUCT A DAILY HEALTH CHECK  
BEFORE ENTERING THE BUILDING.**

### **Sick children, faculty, and staff must remain home.**

If you, or any household member, have any of the below symptoms, please remain at home that day and notify Brownell Talbot.

- Fever of 100.4 or higher, now or in the preceding 72 hours.
- Cough.
- Sore throat.
- Muscle aches.
- Shortness of breath or difficulty breathing.
- Headache.
- New loss of taste or smell.

People with COVID-19 have had a wide range of symptoms reported – from mild symptoms to severe illness. Symptoms may appear two to 14 days after exposure to the virus. People with these symptoms or combinations of symptoms may have COVID-19. All students, faculty, and staff **MUST** conduct a daily health check before entering into the building.

Anyone with these symptoms will be required to stay away from using the facilities for 14 days unless medical clearance is provided by a physician indicating that the symptoms are associated with a known non-COVID-19 illness.

If a student becomes sick at Brownell Talbot, they will be immediately separated from the group and their parents will be contacted. Students will be placed in a separate room away from the group. We ask that parents pick up their child within one hour of

notification. Students who become sick at BT should not return to school until they have met the criteria to discontinue home isolation.

### **In the Event of a CONFIRMED COVID-19 Case**

If a child or staff member becomes sick and is a CONFIRMED COVID-19 case, we will adhere to the following CDC guidelines:

- Close off all the areas used by the person who is sick.
- Open outside doors and windows to allow for increased air circulations in the area.
- Wait up to 24 hours or as long as possible before the space is disinfected. This is to allow respiratory droplets to settle prior to cleaning.
- Clean and disinfect all areas used by the person who is sick, classrooms, offices, bathrooms, and common areas.
- Please note, to protect confidentiality, Brownell Talbot will provide the local health department with those that have possible exposure. If necessary, the health department will notify those individuals, not Brownell Talbot.

### **Brownell Talbot's Summary of Enhanced Protocols**

We are continuing to monitor the CDC and DHHS on a regular basis. Additional changes to processes and protocols will be made in adherence with the most recent guidance. We are and will continue to follow all increased recommendations and social distancing guidelines. Please note the following enhanced protocols:

- Daily health check for staff and children before coming into the school.
- Nonessential visitors are not allowed in the school.
- Drop-off and pickup occurs outside the school in the parking lot.
- Frequent hand washing while in the building.
- Face mask coverings worn by staff and students when social distancing is not possible.
- Frequent cleaning and disinfecting all high touch surfaces.

If you have additional questions, please feel free to contact us,
