

Competition Uniform Policy

At swim meets, we want to make our presence known as a team. We are proud to represent SwimMAC and uniformly dressing is one way to unite as a team. From the time athletes arrive at the pool to the time they leave they should be in their SwimMAC team gear including the designated team suit, team cap, and team t-shirt. Different meets will require different gear depending on the level and timing within each season.

Coaches determine which event is considered In-Season or Championship level meets.

Please remember that SwimMAC is sponsored by TYR. Our swimmers may not wear or use any gear that bears the logo or insignia of another team or swimwear company for competitions.

In-Season Competitions
