

TAC TITANS SWIM ACADEMY REGISTRATION GUIDE

1. Registration works best on a computer, rather than a mobile device.
Google Chrome and Firefox browsers tend to work better than MS Edge.
2. Go to www.tactitans.org
3. Look for **TITANS SWIM ACADEMY** at the top of the page

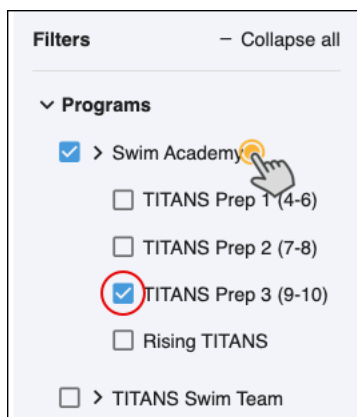

The **TITANS SWIM ACADEMY** page has information about the program.

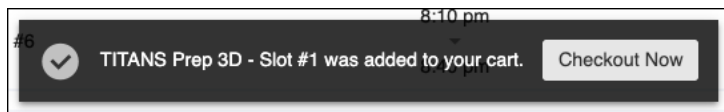

The **TITANS SWIM ACADEMY REGISTRATION** page is where to go if you're ready to register.

4. On the Registration page you'll see "Our Programs and Classes" at the top.

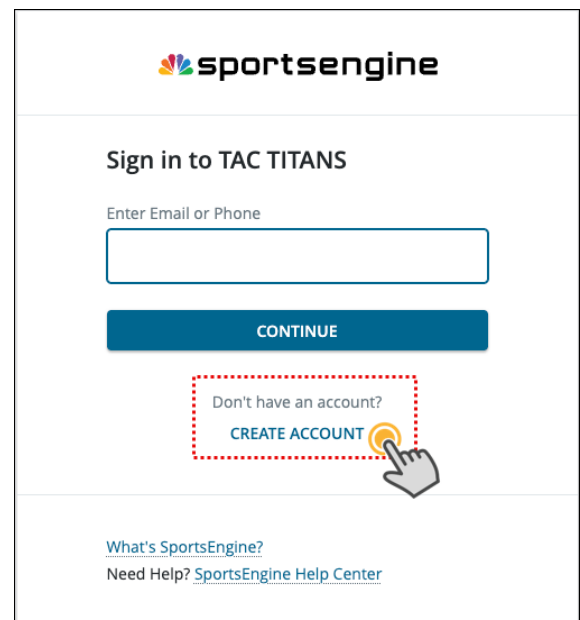

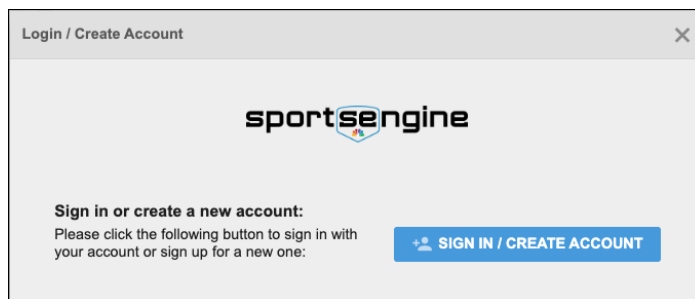

Look for the **filters** along the left side of the page and select the age of your child(ren) under "Swim Academy". This will display classes appropriate for your child.

5. Select the time/date slot that works best for your schedule and click the “Add to Cart” button.
Note: you may need to click the “Show all Classes...” button at the bottom.
6. If you have multiple swimmers, select more than one class, then click the “**Checkout Now**” button.

7. If you’re new to the SportsEngine application (formerly known as Team Unify), you’ll be prompted to create an account and sign in.

IMPORTANT: You **MUST** verify your email address as part of the process – be sure to check your junk folder if you don’t get the confirmation message within a minute or two.

If you have an account already for a TITANS Swim Team member of the family, you’ll log in with your existing credentials.

8. Once in the cart, *before clicking the blue "Next" button*, you must "Add New Member" (or select) the swimmer assigned to a class
