

TAC Titans Five-Year "Scorecard"

End of Season 2020-21

There are a number of ways to measure, or keep score of how well your TAC Titans swim team is performing. The most important qualitative measure of success is how each and every swimmer is improving, learning, experiencing leadership opportunities and having fun. In addition, we have identified four categories of quantitative measures below, that we believe builds the foundation for providing each and every swimmer the best opportunity to succeed and enjoy their experience!

USA Swimming Recognition Programs

Club Excellence Program. Recognizes a team's commitment to performance excellence. Gold medal swim teams represent the top twenty (20) swim teams in the country out of more than 3,000 USA registered swim teams. The Titans were first recognized as a Gold Medal swim team in 2020.

National Ranking					
2017	2018	2019	2020	2021	Goal
Bronze	Silver	Silver	13	7	1

Club Recognition Program. Recognizes swim teams that are strong, stable, financially sound and athletically productive. The program recognizes four (4) levels of achievement with **Level 4 being the best.**

The TAC Titans swim team has earned **Level 4** recognition since 2016

Goal
Level 4

Virtual Club Championship Program. Recognizes swim teams that develop swimmers and achieve success at all age group levels. The Scorecard tracks the Virtual Club Championship ranking for the **Short-Course season**. At the end of the 2021 Short-Course season, your TAC Titans swim team were **ranked #1 in the country!**

National Ranking					
2017	2018	2019	2020	2021	Goal
52	15	3	2	1	1

Full-Time Swim Coach Retention

Coach Retention. Retaining full-time coaches long-term is a positive reflection on TAC and the TAC Titans program. Attracting and retaining quality coaches with competitive compensation and benefits, continuing education and autonomy for personal and professional growth is an important goal of the program. High coach retention provides the swimmers consistency and continuity as they age up through the groups. **Measured annually as of August 31st.**

Full-Time Coach Retention						
	2017	2018	2019	2020	2021	Goal
# of full-time coaches at beginning of the year:	9	9	10	10	11	
# of full-time coaches at end of the year:	9	9	10	9	10	
Annual retention %:	100%	100%	100%	90%	91%	
Five-year retention %:					96%	90%

Swim Team Performance:

	Registered Swimmers					Goal
	2017	2018	2019	2020	2021	
Registered Swimmers as of September 30th:	585	646	744	832	814	825

North Carolina Competitions

	Age Group Championship Rank					Goal
