Coach's Report:

Bryan reported that the Aberdeen meet was a good meet with lots of good swims.

We have had good numbers for practices including dry land. TRX bands are being used by the swimmers in Bryan's group during dry land. An iPad was purchased for taking underwater video of the swimmers. It is less cumbersome than the old video camera. He will be having the swimmers come in during afternoon practice to be recorded. The old video camera was sold to the Girl's High School Team.

If you cannot pay within that timeline, please contact a board member to discuss a payment plan. If no contact to a board member has been made, accounts 3 months past due will be sent to collections.

Volunteers are needed for the upcoming meet. Please use the job sign up tab on the website.

Buy a Swimmer: This is a fundraiser that has had much success for the Aberdeen Swim Team. We will begin trying this at our home meets. Parents "buy" their swimmer for a fee and then both the parent and swimmer gets entered into a drawing. There is a separate drawing for the swimmer and parent.
