

Weather Cancellation Policy

In our climate, we can have numerous days of inclement weather during the season. If the pool facility remains open, we endeavor to continue to provide pool time and coaching as usual. Ultimately, it is up to the parents of our swimmers to decide if they feel it is safe to transport their child during periods of inclement weather.

If we are not able to provide a safe swimming environment for the swimmers by supplying sufficient coaches and/or lifeguards, the session will be cancelled. Families, athletes and coaches will be notified via EMAIL by a Board Member, Head Coach or Lead Coach if:

1. Pool facility closes
2. Club cancels practice

The club will also try to post on social media(Facebook, Instagram). However, as the prime communication is EMAIL, parents, athletes and swimmers should **monitor email on a REGULAR basis when inclement weather has been forecasted**. The Club will endeavour to give at least 4 hours notice for practices in the afternoons and evenings and night before for early morning practices.

Sessions that are cancelled due to inclement weather will **not be rescheduled**, and **no refunds** will be given.

The table shows the primary and secondary notifiers for weather cancellations for each stream.

Stream	Primary	Secondary
Competitive	President	Vice-President
Novice	Rec/Novice Director	President
Recreational	Rec/Novice Director	President
AWD	Vice President	President
Masters	Head Coach	President
Summer	Head Coach	President
