

Parking

The WPI Sports & Recreation Center Map is located at the end of this document. For GPS directions, use 151 Salisbury Street, Worcester.

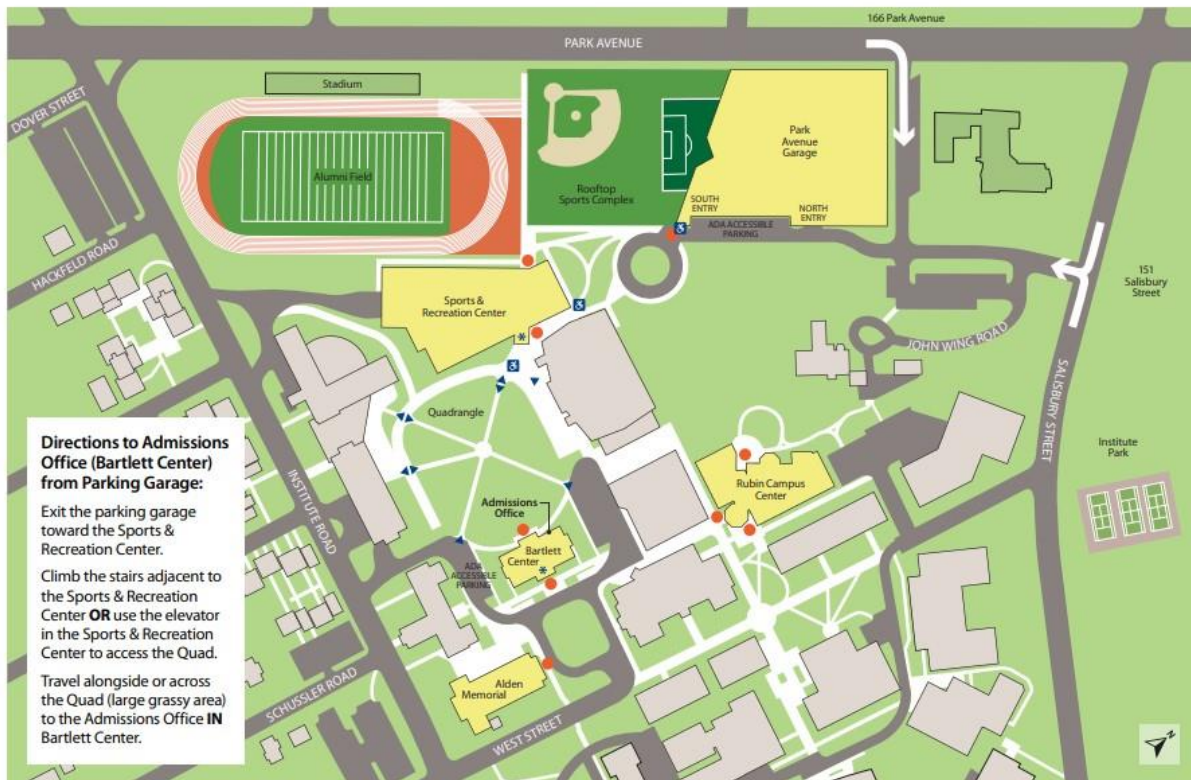

Parking on the parking map - the lot to use is the one labeled Park Avenue Garage. It is the closest, free parking to the pool. It is open all weekend and should have plenty of spots. Parking for those with a disability is located in front of the garage.

The WPI Sports & Recreation Center Map (next page) shows the path from the garage to the Sports & Recreation building. Here you will find the entrances for the pool and the spectator area.

Spectators: Please enter through the lower entrance adjacent to the track and the Park Avenue Garage. It is a set of double doors. From there you can take the stairs or elevator up to the spectator seating area.

No parking is allowed in the circle in front of the pool entrance. This is for rapid drop off and pick up of swimmers only. WPI will rigidly enforce this.

WPI and the YMCA of Greater Nashua Storm are not responsible for any tickets, towing fees, damage, or stolen property incurred while at the event.
