NEW MEXICO SWIMMING RULES AND REGULATIONS MANUAL

1.0. PURPOSE & FOREWORD

New Mexico Swimming Rules and Regulations implement standard rules and regulations for swimming activities in the New Mexico Swimming, Inc. (NMS), Local Swim Committee (LSC). These Rules and Regulations are supplementary to USA Swimming Rules and Regulations, and New Mexico Swimming Bylaws. In the event of conflict, USA Swimming Rules and Regulations will take precedence over New Mexico Swimming Bylaws, which take precedence over these NM Swimming Rules and Regulations.

NM Swimming Rules and Regulations may be changed, amended, and/or added by:

- A. Submitting the proposed change to the NMS General Chairman, for consideration by the NMS Board of Directors, at least thirty (30) days prior to the Spring meeting of the House of Delegates. The proposed change will then be presented to the NMS House of Delegates at least fourteen (14) days prior to the NMS House of Delegates meeting, with the Board's recommendation. Proposed changes handled in this manner may be changed by a simple majority vote of the House of Delegates.
- B. Making a motion for a proposed change at any NMS House of Delegates meeting, held in accordance with NMS Bylaws, without following the preferred procedure prescribed in A above. Changes proposed in this manner shall require a three fourths (3/4) majority vote of the NMS House of Delegates for adoption.

All approved changes to these NMS Rules and Regulations will take effect on January 1 of the following year, unless an effective date is included in the motion to change.

The NMS Rules and Regulations are binding and mandatory for member clubs, athlete members, and non-athlete members of New Mexico Swimming, Inc.

2.0. REGISTRATION

2.1 CLUB REGISTRATION. Clubs/Teams must be registered with USA Swimming to participate in NM Swimming events. Fees are prescribed in Appendix A-1. Registered clubs must have at least one fully certified coach member of USA Swimming at all times, one USA Swimming registered athlete member, and a designated Team Representative to remain registered in good standing. The Team Representative must be a Non-Athlete member of USA Swimming. Additionally, the following club positions must be identified to the NM Swimming Registration Coordinator at time of club registration: Board President, Club Safety Coordinator, Club Registrar, and any other coaches.

2.1.1. Full-Year Club Registration: Full year club registration is by calendar year (1 January through 31 December). Fee at Appendix A-1.

2.1.2. Seasonal Club Registration: Seasonal club membership will be a four (4) month period from 1 May through 31 August. Fee at Appendix A-1

2.1.3. Failure To Maintain Club Registration: Clubs failing to maintain registration in good standing will be referred to NMS review committee to consider termination of club membership. USA Swimming insurance coverage is immediately affected in accordance with (IAW) the insurance policy provisions. The affected club will be barred from participation in NMS sanctioned events, swimmers on the affected club will be converted to "unattached" status and USA Swimming notified the club is in non-compliance. The club may be subject to a fine up to the amount prescribed in Appendix A-1, as determined by the NMS Review Committee.

2.2. ATHLETE REGISTRATION. Athletes must be registered with USA Swimming to participate in NMS sanctioned events. Athletes registered with FINA may participate in NMS sanctioned events if coordinated with the NMS registration coordinator. Fees are prescribed in Appendix A-1.

2.2.1. Registration Period: Full year and seasonal (as determined by NM Swimming) athlete registration shall be as offered by USA Swimming.

2.2.1.1. Full year athlete membership is for a calendar year, except that swimmers applying for registration on or after September 1st will be issued a registration card valid through December 31st of the following year. Fee at Appendix A-1.

2.2.1.2. Seasonal athlete registration is for the period 1 May through 31 August. Fee at appendix A-1.

2.2.2. Registration Cards and Swimmer Handbooks: Each registered athlete will receive a registration card and copy of the NMS Swimmer information Handbook (Red Book), through their Team. Athletes must present proof of registration if requested in order to participate in any NMS sanctioned

event. The fee for replacement registration cards is prescribed in Appendix A-1.

2.2.3. Birth Certificates: A copy of the athlete's birth certificate, or any certificate that will meet the requirements for entering school must accompany the registration form and fees when applying for membership in USA Swimming. Athletes Nineteen (19) and over are exempt.

2.2.4. Foreign Athletes: Foreign athletes who train with a USA Swimming club but who do not compete must fill out a USA Swimming application form and pay the full registration fee. Team Registrars shall notify the NM Swimming Registration Coordinator of these swimmers.

2.3. NON-ATHLETE REGISTRATION. USA Swimming Non-Athlete Registration will be offered IAW USA Swimming policy. Fees are as prescribed in Appendix A-1.

2.3.1. Coach Non-Athlete Registration: Only persons with a current, valid USA Swimming Coach membership shall be allowed to participate in any coaching capacity at any NMS sanctioned competition or event. Coaches' membership cards become invalid on the expiration date of any one of the current USA Swimming coach certification requirements. It is the responsibility of each coach to renew his/her safety credentials BEFORE they expire. There is no grace period. Failure of coaches to keep their safety certifications current shall result in their dismissal from the deck or facility, whichever is deemed appropriate by the Meet Referee. If a team does not have a fully certified coach on deck their athletes may be assigned to the coach of another club for supervision and/or may be converted to unattached status at the discretion of the Meet Referee. A swimmer may NOT be barred from competition because his/her coach is not properly registered or certified.

2.3.1.1. Safety Credential Requirements: Coach members are required to provide current proof (front and back copies of cards) of the following safety training. All safety training certifications must be current and valid on the date of acceptance for membership:

2.3.1.1.1. Cardio Pulmonary Resuscitation (CPR)

2.3.1.1.2. First Aid Training (FA)

2.3.1.1.3. Safety Training for Swim Coaches (STFSC)

2.3.1.2. Deck Validation of Safety Credentials: If coaches have sent their renewal safety credentials to the NM Swimming Registration Coordinator, and not received their new coaches card, Meet Referees may accept current copies of all required safety cards as temporary valid renewals for a period of fifteen (15) days past the expiration date on the coach's card. This deck validation of safety credentials does not

apply to Championship meets.

2.3.1.3. Coach Certification at Championship Meets: Coaches must have valid current certifications in order to act as a coach at NM Swimming Championship Meets. Deck Validation of Safety Credentials (Section 2.3.1.2) does not apply. Coach renewal certifications with current safety credentials must be to the NM Registration Coordinator by Wednesday prior to the start of a NM Swimming Championship meet, for the person to act as coach at the Championship meet.

2.3.1.4. Temporary Limited Coaching Approval: New coaches shall register as non-athlete members of USA Swimming immediately, and may act in a coaching capacity at practice under the direct supervision of a fully certified coach, for a period of thirty (30) days. They must complete all Safety Curriculum requirements within thirty (30) days, or cease coaching. Temporary limited coaches may not coach at NMS sanctioned events. Temporary limited coaching approval does not meet the requirement for a certified coach for purposes of club registration.

2.3.1.5. Coach Education Requirement: New coaches shall complete training and pass required tests for USA Swimming Coach Education Training within their first year of registration as a coach. Failure to meet this requirement will result in denial of future (next year(s) coach registration for this individual.

2.3.1.6. Failure to Maintain Coach Registration: Failure of a coach to satisfy the coaches' safety curriculum requirements will result in termination of coach membership in USA Swimming and loss of USA Swimming insurance coverage for the coach. Any non-compliance with USA Swimming or NM Swimming coach certification requirements, will be referred to the NMS Review Committee. Clubs may be fined up to the maximum amount prescribed in Appendix A-1 per day for allowing a person without a valid coaching membership to participate in any coaching activity at any NMS sanctioned competition or to represent NM Swimming as a coach.

2.3.2. Required Display of Non-Athlete Card: All coaches, meet referees, safety marshals, stroke and turn judges and starters are required to wear their membership cards, in a visible location on their person, while working at NMS Sanctioned Events.

2.3.3. Officials Certification at Championship Meets: Officials must have current certifications and non-athlete membership in order to act as an official at NM Swimming Championship meets. Non-Athlete membership registrations must be completed with the NM Swimming Registration Coordinator by Wednesday prior to the start of a NM Swimming Championship

meet, for the person to act as an official at the championship meet.

2.4. INCOMPLETE REGISTRATION FORMS: Any registration received by the NMS Registration Chairman lacking necessary information will be returned to the submitting club along with all registrations in the same batch, including fees. Registration forms in the batch which are correct will be stamped with the date they are received for registration. Registration forms in the batch which are missing information will be highlighted, and stamped as received when returned properly filled out.

2.5. METHOD OF PAYMENT: All registration fees shall be submitted to the NM Swimming Registration Coordinator utilizing the following methods:

2.5.1. Team Check: A check drawn on a team/club account pay to the order of "New Mexico Swimming".

2.5.2. Guaranteed Funds: Money Order, Bank Cashiers Check or other form of guaranteed funds, pay to the order of "New Mexico Swimming".

2.5.3. Cash

3.0. CLASSES OF COMPETITION

NMS recognizes the following swimming classes of competition.

3.1. SENIOR: Any USA Swimming registered competitor of any age is eligible for competition in this class. Meets held solely for this class must have minimum standards of performance or qualifications established for entry. NMS recommends that only swimmers 13 years of age and older enter Senior events.

3.2. JUNIOR: All USA Swimming registered competitors 18 years of age and younger are eligible for this class, subject to qualifications established for entry.

3.3. AGE GROUP: Age Group swimmers compete in groupings of similar capability within each age group defined. In general, the age groups are: 8 and Under, 10 and Under, 11&12, 13&14, 15&16, and 17&18. If both 8 and Under and 10 and Under are offered in the same meet, the 8 and Under swimmers may enter either event, but not both, if they are for the same stroke and distance.

3.4. "A", "BB", "B" AND "C": are classes of competition in Short and Long Course swimming conducted by NMS. Time qualification standards for each level are the current National Time Standards published by USA Swimming.

3.4.1. Swimmers enter a defined class by equaling or bettering the minimum time standard set for that class. Times for determining classes are those made in sanctioned or approved events as defined by the USA Swimming

Rules and Regulations.

3.4.2. Swimmers may qualify for a specific stroke at a specific distance in all courses, long or short. For example: If a swimmer qualifies as an "A" swimmer in the 100 meter Freestyle in a 50 meter pool, the swimmer is also an "A" swimmer in the 100 yard Freestyle in a 25-yard pool. The swimmer must still qualify in the other Freestyle distances to become an "A" swimmer in these distances. A swimmer may not change classification by virtue of a converted time.

3.4.3. Except for relay events or championship meets, NMS recommends that swimmers compete only against other swimmers in their class (i.e., "A" swimmers against "A" swimmers).

3.4.4. In relay events, qualifying times will be the aggregate times of the individual relay swimmers plus 3%.

3.4.5. A swimmer who has made the qualifying time of his current age group while in a younger age group will be that class swimmer. For example: If a 12-year old has made the 13-14 "A" time in an event, the swimmer will be a 13-14 Class "A" in that event, without requalifying when the swimmer is 13 years old.

3.4.6. Swimmers maintain their class for the duration of the meet, even if they qualify for the next class during the meet.

4.0. EVENT SCHEDULING

4.1. SCHEDULE. NM Swimming will establish and publish an annual swim meet schedule of open and invitational meets each year. Responsibility for planning and monitoring this schedule is assigned to the Scheduling Committee.

4.2. SCHEDULING COMMITTEE. The Scheduling Committee will be chaired by the elected Technical Planning Chairman. Its membership will be comprised of the Senior Division Vice Chairman, Age Group Vice Chairman, Sanctions Chairman, and the New Mexico Swimming Coaches Association (NMSCA) Coach Representative. The Scheduling Committee will hold two scheduled meetings per year: the March meeting will address the Short Course schedule and the September meeting will address the Long Course schedule of the subsequent seasons. All NMS Board Members, coaches and representatives of clubs requesting meet dates will be invited to attend the Scheduling Committee meetings. Notices of upcoming meetings shall be sent to these individuals no later than 14 days prior to such meetings.

4.3. REQUEST FOR SWIM MEET DATES. Requests for swim meet dates will be submitted to the Scheduling Subcommittee Chairman no later than 1 March and 1 September of each year. (The requests will cover the period specified for the months meeting in 4.2 above.) All requests will be in writing (Email acceptable) and contain details as to dates, locations, time standards ("A,BB,B,C" etc.), and other pertinent

data. Requests submitted after the dead line will be considered in relationship with meet dates on which requests were received before the deadline. These requests, as well as requests for revisions of scheduled meet dates, will be subject to review and approval by the Scheduling Committee and the Board of Directors.

4.4. REVIEW AND APPROVAL. The Scheduling Committee will develop the annual schedule of swim meets for presentation to, and modification and ratification by the House of Delegates at the respective spring/fall meeting. The approved Meet Schedules will be published on the NMS web site.

5.0. TIME STANDARDS

For Short and Long Course swimming, competition in the various classes and age groups shall be regulated by time standards except for the 8 and Under age group.

5.1. Time standards shall be given for each class, age group, distance and stroke.

5.2. In "A-BB-B" meets, swimmers who have one qualifying time may swim one other event at minimum time; those having two (2) qualifying times may swim an additional two events at minimum times; those having three (3) qualifying times may swim an additional three events at minimum time. This is at the Meet Director's discretion and must be mentioned in the Meet Information. The rule does not apply in New Mexico Championship Meets.

5.3. The 8 and Under age group has no time standards set in the belief that when this age group is scheduled in a meet, all swimmers in this age group should be encouraged to participate. However, time standards for this age group will be set if included in NMS Short and Long Course Championships.

6.0. EQUIPMENT RENTAL

NMS will provide and maintain an electronic timing system, watches, and other incidental equipment for rent at swim meets. Contact the NMS Equipment Coordinator for information or to schedule equipment rental.

6.1. RENTAL FEES AND DAMAGE DEPOSITS: A damage deposit and applicable rental fees as prescribed in Appendix A-1, must be provided to the NMS Equipment Coordinator prior to equipment pick up. The equipment rental fee for NMS Championship and 8 and Under Finals events is waived, however the damage deposit prescribed in Appendix A-1 applies and is the responsibility of the host team.

6.2. ELIGIBLE EQUIPMENT USE: NMS member teams may rent NMS equipment for use in NMS sanctioned swimming events. The NMS Board of Directors may approve rental of the NMS equipment to other organizations deemed to be in the best interests of the sport of swimming. NMS equipment may not be

rented or utilized in any event that is not open to NMS swimmers, unless approved by the NMS House of Delegates in a regularly scheduled meeting.

6.3. EQUIPMENT DAMAGE: Organizations/Individuals renting NMS equipment will be held financially responsible for the repair or replacement of any equipment damaged, lost, destroyed, or not returned in working order. Normal wear and tear is excluded. Damage costs charged to the renting organization/individual shall be actual repair charges including shipping and other associated costs, or the cost to replace equipment with currently available comparable equipment, from the equipment manufacturer.

6.4. EQUIPMENT SCHEDULING: NMS member teams will be given priority use of NMS timing equipment over all others. NMS events approved via the scheduling process (Section 4.0) will be the first refusal priority among NMS member teams. Other scheduling will be on a first requested basis with the NMS Equipment Coordinator.

6.5. EQUIPMENT OPERATOR TRAINING: Organizations/Individuals renting the NMS electronic timing equipment must have an operator familiar with set up and operation of the equipment. Potential operators must assist a qualified timing system operator at a meet prior to assuming full operator responsibilities. This policy provides accurate times for our swimmers, and protection for the equipment.

6.6. EQUIPMENT AT CHAMPIONSHIP MEETS: NMS equipment will be on site and available for use during NMS championship events. It is the responsibility of the host of the Championship meet to obtain the equipment.

7.0. SWIM MEETS AND EVENTS

7.1. SWIM MEET FEES:

7.1.1 Event Entry Fees: All sanctioned NMS events will charge no more than the fees listed in Appendix A-1, for individual and relay events. An entry fee service fee, expressed as a percentage of total event entry fees collected, shall be paid to NMS, and forwarded to the NMS Treasurer in accordance with the meet results reporting procedure (Section 7.12), and the fee schedule in Appendix A-1. Maximum fees for 8 and Under Finals, are as for Championship Events. The entry fee service charge is waived for 8 and Under Finals meets. NMS swimmers with current Junior National or better individual event qualification times are exempt from payment of entry fees at NMS sanctioned meets.

7.1.2. Spectator Fees: No spectator fees shall be charged at NMS sanctioned events, unless approved by the NMS General Chairman.

7.1.3. Swimmer Surcharge: Each swimmer participating in a NMS sanctioned event (Swim Meet, Time Trial, camps, clinics, etc.) shall pay a surcharge prescribed in Appendix A-1. NMS swimmers with current Junior

National or better individual event qualification times are exempt from payment of NMS surcharge at NMS sanctioned meets. This amount shall be collected by the host team and forwarded to the NMS Treasurer, in accordance with the meet results reporting procedure (Section 7.12). The Swimmer surcharge shall not apply to High School meets, and League meets.

7.1.4. Sanction and Approval Fees: The fee for sanctioned and approved meets/events shall be in accordance with Appendix A-1. This fee shall be waived for the 8 and Under Finals meets. A portion of the sanction fee is reimbursable as indicated in Appendix A-1 if all reporting requirements are met on time. (Section 7.12)

7.2. SWIM MEET RULES: All NM Swimming sanctioned and approved meets shall be conducted under current USA Swimming Rules and Regulations.

7.3. SANCTIONS FOR EVENTS: Each competition, benefit, exhibition, clinic or entertainment of any kind where NMS swimmers compete, exhibit, demonstrate or display talents or techniques must be Sanctioned in advance by NMS to receive recognition of official times and to receive USA Swimming Insurance coverage. Only athletes meeting the requirements of USA Swimming Athlete Registration in accordance with the current USA Swimming Rules and Regulations may participate in a NM Swimming Sanctioned Event.

7.3.1. Event Classifications:

Allow a minimum of FOURTEEN (14) days for consideration and approval of Sanction Applications, prior to mailing date for the meet information.

7.4. APPROVALS FOR EVENTS: Both USA Swimming athlete members and non-USA Swimming athlete participants may compete in an approved meet. An approved meet is conducted in accordance with USA Swimming Technical Rules.

7.4.1 Approval Application: Application for an approved meet must be submitted to the NMS Sanctions Chairman prior to the competition. The application shall include:

7.4.1.1. Copy of the meet information.

7.4.1.2. A list of the key officials for the meet, broken down by session, if applicable. Each approved meet, other than high school meets, must have an NMS or USA Swimming certified referee and starter and at least two NMS or USA Swimming certified stroke and turn judges. High school meets with four or less teams may be approved with a NMS or USA Swimming certified referee or starter and at least one NMS or USA Swimming certified stroke and turn judge.

7.4.1.3. A check payable to New Mexico Swimming for the amount of the approval fee in accordance with Appendix A-1.

7.5. EVENT LIMITATIONS: Meet events should be coordinated with the Technical Planning Committee Chairman to insure all competitors have opportunities to progress in all recognized events.

7.5.1. Time Limits: Meets shall be organized to be of reasonable length, considering the expected number of competitors in each class and event. With the exception of championship meets, the program in all other age group competition below the National A-time level shall be arranged to allow the events in the 8&U, 10&U and 11-12 age groups to be completed in 4 hours or less for a timed finals session or in a total of 8 hours or less per day for a preliminaries and finals meet. The meet must continue to conclusion of all published events.

7.5.2. Entry Limits All meets other than championships must have a limit on the number of entries that will be accepted to insure time limit requirements are met. All measures taken by the host team to insure the time limit is met must be listed in the meet information sheet.

7.5.3. Session Scheduling: In preliminaries and finals meets, the time between the end of preliminaries and the beginning of warm up for finals for any event shall not be less than ninety minutes and preferably longer.

7.6. MEET INFORMATION SHEETS / INVITATIONS.

7.6.1. Timing: The information sheet should be mailed to all clubs no later than forty-five days prior to the closing date for entries.

7.6.2. Mandatory Information: Information sheets must include the following:

7.6.2.1. Include a statement: "Held under sanction of USA Swimming, Inc. and New Mexico Swimming, Inc." for sanctioned meets.

7.6.2.2. The information sheet must state whether the meet will be "pre-seeded" or "seeded on deck" and whether the events are "Preliminaries and Finals" or "Timed Finals." Seeding method must be specified.

7.6.2.3. The information sheet must state that current USA Swimming and NM Swimming rules will govern the meet. All statements in the meet information sheet not conforming to USA Swimming or NM Swimming rules must start and end with an asterisk, and a statement must be added indicating how it varies from the rules.

7.6.2.4. Appropriate time standards must be listed with the events when applicable.

7.6.2.5. The meet information sheet must state the name, address and telephone number of the Meet Director; name of the meet; name of sponsoring club; class of meet ("A", "BB", "B", "C", etc.), starting times for warm-up and competition for each day; name and address of pool; pool size, number of working lanes; entry fees; kinds of awards; maximum number of events per swimmer each day; mailing address for entries; type of timing equipment used; and whether the meet will be scored. If the meet is scored, scoring information must be included. Meet information must state whether on-deck individual and/or relay entries will be accepted.

7.6.2.6. Check-in and scratch procedures for individual and relay events, and penalties for violation of these procedures, must be included on the information sheet.

7.6.2.7. The swimming venue must be defined in the meet information, in accordance with USA Swimming rules and regulations.

7.6.2.8. If on deck USA Swimming Registration will not be offered, it must be stated in the meet information. Otherwise it is assumed USA Swimming registration will be available on deck.

7.7. ENTRY TIMES.

7.7.1. Accuracy: All entry times shall be to the 100th of a second. Watch times recorded to 10th will be entered to 100ths by adding a zero. Any omitted digits on entries shall be seeded as 9's.

7.7.2. Time Limits: Short Course season entry times shall be achieved from January 1st of the previous year. Long Course entry times shall be achieved from June 1st of the previous year. Do not submit a time from workouts or an

estimated time. Coaches and swimmers must be prepared to verify the entry time.

7.7.3. Mistakes: An entry time will be changed when a swimmer admits to an erroneous time which places him in a faster heat, thus preventing a qualified swimmer from competing in that heat. In such cases, the "A", "BB" or "B" swimmer who made the error will be entered at the minimum time standard, and the "C" swimmer will be entered at "No Time".

7.7.4. Conversions: A swimmer's best competitive times should be used for entries. Entry times may be converted for the appropriate course, except for NMS Championship meets when no conversion is allowed. Use the following conversion to convert from long course meter times to short course yard times:

7.7.4.1. Number of meters same as the number of yards:
Meter time / 1.13.

7.7.4.2. 400/800 meters to 500/1,000 yards:
Meter time /.92.

7.7.4.3. 1,500 meters to 1,650 yards:
1,500 meter time / 1.04.

NOTE: To convert from short course yard times to long course meter times, use the conversion factors given above and multiply rather than divide. In any conversion, be sure to convert minutes and seconds to total seconds before converting. When using a conversion, do not change class of competition (e.g., "BB" to "A").

7.7.5. Altitude Adjustment: All entry times may be adjusted to sea level equivalent times. NMS recognizes the following altitude adjustments for times achieved in pools at an altitude of 3000 feet or above:

DISTANCE:	3000-4250 FT	4251/6500 FT	Above 6500 FT
200	.50 Sec.	1.20 Sec.	1.60 Sec.
400 or 500	2.50 Sec.	5.00 Sec.	7.00 Sec.
800 Free Relay	2.00 Sec.	4.80 Sec.	6.40 Sec.
800 or 1000	5.00 Sec.	10.00 Sec.	15.00 Sec.
1500 or 1650	11.00 Sec.	23.00 Sec.	32.50 Sec.

NMS does not recognize any other altitude adjustments. To adjust a time to sea level equivalent, subtract the appropriate adjustment time from the time actually achieved at altitude.

Some Pool Altitudes are: Alamogordo - 4345 Ft; Albuquerque - 5124 Ft; Artesia - 3380 Ft; Carlsbad - 3110 Ft; Espanola - 5590 Ft; Farmington - 5400 Ft; Hobbs - 3300 Ft; Las Cruces - 3900 Ft; Kirtland AFB - 5400 Ft; Los Alamos - 7227 Ft; Roswell - 3850 Ft; Santa Fe - 7040 Ft; Silver City - 5960 Ft; Socorro - 5850 Ft.

7.8. OFFICIAL MEET ENTRY FORM.

7.8.1. Mandatory Information: The official entry form must include each swimmer's first and last name, USA Swimming ID number, age (on the first day of the meet), sex, event numbers, entry times, and entry fee amount, as well as the club and coach names. It should also contain the address to which a copy of the meet results will be sent.

7.8.2. Entry Form Use and Availability: The completed official entry forms submitted by the clubs shall be available at the Clerk of Course at all times during the meet. The official entry form is the official document used in resolving entry discrepancies.

7.9. PROOF OF REGISTRATION.

7.9.1. Verification of Registration: The host organization for any sanctioned meet is responsible for making a reasonable effort to verify the registration of all swimmers, coaches and officials participating in that meet prior to the entry of those swimmers into the pool. Verification may be accomplished by requiring presentation of valid registration cards, by requiring written authentication of a registration list by the NM Swimming Registration Coordinator, by location of the swimmers on the LSC registration data base, or by other means. The host organization may be subject to a fine in accordance with Appendix A-1, for each unregistered swimmer found to have competed in a meet, providing reasonable care has not been exercised in verifying the registration of that swimmer. The fine to the host organization is not to exceed the maximum fee amount prescribed in Appendix A-1. The NMS Review Committee shall determine the fine if any. Times of swimmers not properly registered at the time of the swim will not be recorded.

7.9.2. Falsification of Registration: Any person or organization who falsely claims that a swimmer is registered, when in fact that swimmer is not registered, may be subject to a fine, as prescribed in Appendix A-1, as determined by the NM Swimming Review Committee.

The goal is to average 24 swimmers per event for both short and long events.

9.3. QUALIFYING TIMES for the New Mexico Short Course Championships will be determined and distributed to all NMS-member teams by October 1st of the year preceding that in which the meet is to be held. Qualifying times for the New Mexico Long Course Championships will be determined and distributed to all NMS member teams by December 1st of the year preceding that in which the meet is to be held. The Technical Planning Committee Chairman shall present the NMS Championship qualifying times to the NMS Board of Directors for approval.

9.3.1. Setting Qualifying Times: The qualifying times are to be based on the results of the preceding three years' meets (preliminaries and finals or timed finals) using the following procedure:

Adjust the individual short course and long course meters qualifying times (QTs), depending on the number of swimmers participating in the preceding three years' meets in each age group, as follows:

<u>Swimmers in 3 years</u>	<u>New Qualifying Time (QT)</u>
Less than 78	No change in QT
More than 78	72nd fastest time (corrected for altitude), provided it is faster than the existing time. Otherwise, the QT is not changed. All new qualifying times will be adjusted to end in .99

The short course meter times are determined from the long course meter times by multiplying by 0.98 for females and 0.97 for males. The times so determined shall be adjusted to end in .99.

For all age groups, the QTs will be compared to the National Time Standard "BB" times for the year preceding that in which the upcoming championship meet is to be held and adjusted as necessary to be no slower than those "BB" times.

The new QTs must be accepted by the NMS Board of Directors before they become official.

Disqualifications are included with either their entry time or their preliminary time. For pre-seeded meets, entry times of non-swimmers are included.

9.3.5.1. All entries with conforming (short-course yard for the short course championships, long-course meter for the long-course championships) entry times will be arranged in order, fastest to slowest.

9.3.5.2. All entries with primary non-conforming (long-course meter for the short-course championships, short-course yard for the long-course championship) entry times will then be arranged in order, fastest to slowest, and placed after the slowest conforming entry.

9.3.5.3. All entries with secondary non-conforming (short-course meter) entry times will then be arranged in order, fastest to slowest, and placed after the slowest primary non-conforming entry.
