

Las Cruces Aquatic Team Early Termination Policy

LCAT operates on a swim year from September 1 through August 31, in line with the USA Swimming year. This year is broken down into two seasons: Short Course (September through March) and Long Course (April through August).

- 30 days' notice is required in the event a family wishes to terminate their swimmer's LCAT membership; which will ensure monthly of practice group dues billing will stop.
- Swimmers will be automatically enrolled in Long Course season unless notice is given prior to March 24.
- Swimmers will be automatically enrolled in Short Course season unless notice is given prior to August 24. An annual LCAT registration fee will be due on September 1.
- Termination of membership does not relieve a family of any outstanding payments that are due to LCAT.
- Families who terminate their membership prior to the end of the season will be billed a prorated amount of the fundraising obligation.
