

Photograph Policy- PHAST Port Hawkesbury

Each parent/guardian will be advised upon registration that their swimmer's image and name may be used in publicity promoting the club. The swimmers' photo and name may appear on the club's face book, Instagram, website, and in local media. If a swimmer would like to opt out of being part of the publicity of the team they can inform the team President or Coach.

For others taking photos at meets, please be aware that flash photography is not allowed as it interferes with the light from the starting system.
