Awards: Traveling trophies will be awarded

Entries:

Each team may enter a maximum of three individuals (3) and two relays per event. No athlete may swim more than four (4) events and not more than two (2) individual events. There is no diving in this meet. NTs are not allowed in the initial entries in order to create the best possible bracket pairings.

Once entries are received teams will be split into large and small team brackets based on NISCA power point totals.

- The brackets will be fielded based on the NISCA Power Points for each team's entries. To create report with NISCA PowerPoints:
 - In your TM go to Reports --- Meet Reports --- Meet Entries
 - From Meet Entries box, select meet and team.
 - Under Event Filters select Individuals
 - Under Points tab, choose NISCA Points
 - Create report
 - Save as a PDF
 - Send with your TM Entry file
- The meet will be seeded and run as a traditional invitational and will be scored broken out by large and small team divisions.
 - Upon the completion of prelims on Friday the meet will be scored out twice to create a winners and losers bracket for both the large and small team division.
- Finals on Saturday will be swum based on prelims swims and again scored out once to determine the overall place for each team in both divisions.
- DQs and DFS from Friday can be re-entered for Saturday with the stipulation that they will be entered as a NT for the Saturday portion of the meet.
- Saturday is technically a "new" meet and relays can be completely altered. Individual swims will remain the same.

Entry Procedure:

Enter your team with Hy-Tek Team Manager Event file and a PDF showing your NISCA Powerpoints and total team powerpoint. We will sort teams into brackets based on NISCA powerpoint total. Psych sheet will be sent to all participants. Send either the zip file or the file that ends with HY3. ***Please make sure you set points in the meet entry screen to NISCA POWERPOINTS.***

- Use version 7.0 or higher of Team Manager.
- Use the official UIL Team Code.
- Use the numeric grade level (09, 10, 11, 12) for each swimmer/diver.
- Use the team name as the "short name".
