Please note order of events and the related days as well as entries and fees.

When you have determined what your swimmer wants to swim, return to home page of website to sign your swimmer up for that meet

Go to edit commitment as shown in the picture above to sign your swimmer up for that particular swim meet

Scroll down to member name and click on your swimmers name to declare your swimmer's intention for the meet

Click the drop down for declaration and indicate your choice. Be sure to review important notes if available. Not every swim meet will include important notes.

If your swimmer is participating in the meet, select yes and scroll down to important notes. Please note the specifics for the meet before checking the individual events for your swimmer.

Each meet will be different- some meets are several days with only certain events for each day and some meets will be a one day event. The meet packet will detail what events are being held on which days if the meet is being hosted over several days. The meet packet will also detail which age groups are swimming in the morning or the afternoon 'sessions'. Choose the events that your swimmer wants to swim by clicking the square box. A NT means no time- for some swim meets the swimmer must have a

time in order to swim the event- again, the meet packet or 'important notes' will detail this information. Below is a snip of a multi-day swim meet.
