

2018 LC Speedo Sectional Championships

OSSC Swimmers of the Meet

Senior

- **Brooke Davis** – Brooke was on a mission all season long and she improved with every race. That showed at Sectionals as Brooke rewrote all her best times in every event she swam. Brooke was able to drop over a second in her 100 fly, 2 seconds in her 100 back and a second in her 100 free. In addition, she obtained the 50 Free LCM Sectional cut at the meet.

What a great way to end the season. Congrats, Brooke.

- **Justin Christensen** – Known more as a distance specialist, Justin showed some of his new found speed this weekend and had a great end of the season at Sectionals as he swam to 5 new lifetime bests throughout the meet! This included the 400 free, a 3-second drop in the 100 breast, a 6-second drop in the 100 fly, a 9-second drop in the 200 IM, and his biggest drop of the meet was an 11-second drop in the 400 IM. Way to go, Justin!

National Team

- **Spencer Tussing** – What a stellar meet for Spencer! Outside of losing his cap in the 1500 (it must be a Grove City thing), Spencer had an extraordinary meet, swimming to new best times in five events (200 & 400 IM, 100 & 400 free, and 100 fly). Spencer has also dramatically increased his speed, helping our 400 free and 400 medley relays to great results. Spencer's training reached another level this season, and his results clearly reflect that effort and focus. I'm excited to see where this takes him next season!
- **Jacob Eismann** – Jacob had an amazing meet, finishing with a National cut in the 100 back (56.69), and a JNAT cut in the 50 free (23.68). Jacob won the 50 and 100 backstroke events, and helped our 400 free relay to a third-place finish. Great way to end the season, Jacob!
- **Bridget Parker** – Bridget was on fire all weekend! She walked away with new best times in the 200 free, 200 IM, and 400 IM. Bridget was consistent and balanced in the sprint and mid-distance events, highlighting the balanced training that she exhibited throughout the LC season. Bridget pushed herself in practice to race more and to take more ownership of every aspect of her training – she's always done these things well, but I saw improvement in these areas this season. The result was a fantastic meet. Way to go, Bridget!
- **Grace Butcher** – Grace had a great attitude and was ready to race all weekend! She exhibited tremendous speed, swimming to new best times in both her 50 breast and 50 fly. As usual, Grace excelled in the breaststroke events, finishing 4th in the 50, 8th in the 100, and 13th in the 200. Awesome job, Grace!
