

## BCST Boosters Travel Support Policy

It is the policy of BCST Boosters to recognize athletes who perform at a national level and to offset some of the travel costs necessary for that participation.

As such, the Boosters has established a Meet Entry Support Fund:

- These funds will be paid to the family after seasonal competitions.
- The funds are intended to assist in the defraying of expenses associated with attendance at qualifying national level events.
- Funds will be distributed only for participation at meets located outside of PNS.
- Each participating athlete will receive funding for only one qualifying meet per season.

The level of funding for athletes will be determined as follows:

- Zones \$100
- Futures \$125
- Juniors \$150
- Nationals/US Open \$175
- Olympic Trials \$500

***Please note that funds will be distributed within the yearly budget. The Board has the right to make adjustments as needed due to budget restrictions.***
