

### Company Matching

Does your **company match your volunteer hours** that you contribute volunteering at BCST events and swim meets? For example, if you work for Microsoft, you can submit your volunteer hours that you donate to BCST Boosters using Microsoft's giving service provider Benevity. Microsoft generously matches your donations of time at \$25 per hour. The money is then used to pay for pool rental to host major championships such as PNS 14&U Short Course Championship and May Flowers meet at the Weyerhaeuser King County Aquatic Center, provide parent education, maximize volunteer coordination and to improve BCST programs. BCST Boosters is a 501(c)(3) nonprofit organization.

If you have questions regarding Microsoft matching program, please contact John Cho (BCST parent volunteer and official) via email at [johnjcho@outlook.com](mailto:johnjcho@outlook.com).

### AmazonSmile

Please bookmark this link <http://smile.amazon.com/ch/91-1091898> for shopping at Amazon online. Amazon will donate 0.5% of the price of eligible AmazonSmile purchases to BCST Boosters programs.

### Update Credit Card Information

If you received a new credit card or a replacement credit card for your BCST billing, please update your credit card information in [www.BCST.com](http://www.BCST.com) to avoid interruption of charges managed by BCST Boosters such as swim meet entry fees. BCST Boosters charges will be posted on your credit card account on the **first day of each month at midnight**. BCST training fees, however, are billed and managed by the Bellevue Club and not by the Boosters.

**To update credit card information:** Log in to [www.BCST.com](http://www.BCST.com) -> My Account -> Account Info -> Payment Setup -> Update/Replace existing card, or Add New Card

**To view past invoices and details of charges:** Log in to [www.BCST.com](http://www.BCST.com) -> My Account -> Invoices & Payments -> Billing History -> Click on Invoice for details

**Thank you BCST Families for your support!**
