

FAST's COPPA Privacy Policy

We at Flyers Aquatic Swim Team respect the privacy of our members and recognize the need to protect children's privacy and safety online.

[The Federal Trade Commission's Children's Online Privacy Protection Act of 1998](#) (COPPA) puts parents in control of personal information collected about children under the age of 13. In order to facilitate the business of swimming, FAST operates two websites that are open to the general public and these sites do collect information about our athletes.

Data Collection

Data collected about the student athlete is necessary for participation in USA Swimming events and for other team business. Parents are asked to provide personal information including name, email address, telephone number and date of birth for the following reasons:

- Team Registration
- Competition Registration (Meets)
- Contests (Swim-a-Thon)
- Online Surveys – Survey Monkey
- Online Purchasing - Apparel
- Images - Shutterfly

Data usage

FAST does not sell, distribute, trade or otherwise transfer personally identifiable information obtained from a user to a third party, unless a parent has provided direct consent. During the registration process, parents sign a release form granting FAST permission to utilize information and images about their student athletes. FAST is committed to safeguarding student athletes as well as being fully compliant with COPPA.

Third-Party Sites and Sponsors

Flyers Aquatic Swim Team runs two websites that are open to the general public. FAST's Team Unify website is interactive and personal information is collected for the reasons outlined in this statement. Sponsors of FAST do have links to their sites located our home page. If you chose to follow a link and leave the FAST web space, please consult their privacy policy to insure continuance of privacy.

FAST and Cookie usage

Cookies are a tool used to gather basic tracking. Cookies allow websites to determine the type of computer operating system and browser that you and other viewers are using, enabling an improved access to content.

FAST utilizes Team Unify to facilitate the business of swimming. Please visit the TU website to review their use of cookies. <https://www.teamunify.com/swim-team-management-software/privacy-policy/>

FAST does not link the information collected through cookies to personally identifiable information provided by users participating in our activities. Cookies do not contain any information that is, in itself, personally identifying.
