

LILY HARRELL - EUREKA HIGH SCHOOL

Lily will be attending and competing for Midland University in Omaha, Nebraska. She will be studying exercise science.

Favorite race/ practice sets? My favorite race is the 200 IM and my favorite practices are the backstrokes sets that Coach Brad runs.

My most challenging moment? The most challenging moment is now, not being able to be in the pool doing the thing I love most with my favorite people.

Favorite Rockwood memory? My favorite memory was the trip to Los Angeles. Racing and staying at University of Southern California was the best as was the beach. Travel with Coaches Liz and Jerod is always memorable.

What will you miss as you move on? I am going to miss my teammates and coaches that have always helped and inspired me.

FROM LILY - *I want to thank Sean for coaching me in my younger years and teaching me that even when the times on the board aren't what I wanted pushing through will get me to where I want. Thank you Mary for teaching me hard work works and preparing me for the future. Thank you Nate for teaching me to let it all out in the pool and to enjoy the process. Lastly, and most importantly, thank you to my parents for always being my number one supporters.*
