

McKINLEY MUNK – EUREKA HIGH SCHOOL

McKinley plans to attend University of Arizona and major in physiology and health sciences. She will not be competing for Arizona in varsity swimming but will never be far from a pool for exercise and fitness.

Favorite race? My favorite race is the 50 free and relays, who doesn't love relays.

What will you miss as you move on? I will miss seeing the people I have grown close to over the past 3 years. When you see people day after day they become family. The support of teammates and laughter at practice will definitely be missed.

Favorite memory? Closing the outdoor pool every season, storing the lane lines and last year we got to play with the inflatable alligators.

Most challenging or embarrassing moment? The most challenging moment was a series of moments. I got very sick and trying to regain strength took some time. My coaches and teammates helped me with the frustration of the process. It took some time but patience and persistence paid off.

FROM McKINLEY *-I want to thank Coaches Sean, Brian and Xander for always pushing me to be my best and my teammates for the constant support and for always knowing how to put a smile on my face. Most importantly, I want to thank my parents for always supporting me no matter what I was going through.*
