

Hi everyone! My name is Sarah Liang and I joined PASA at the age of 13 after having transferred over from local team Otter Swim Club in Belmont. I moved up to Tony's group when I started high school at Sacred Heart Prep (and through my transfer over to Paly), and spent the remaining four years competing alongside the likes of Jasmine Tosky, Maddy Schaefer, etc., specializing in breaststroke events.

My senior year, I was co-captain of the Senior group with Kei Masuda. Some of my favorite memories with PASA include having worked at Tony's old sports shop as my first job, having had the opportunity and privilege to travel and compete in Berlin and Moscow in 2010, and breaking a CCS record in the 100 yard breaststroke my junior year!

After PASA, I went on to swim for and attend Princeton University, and have now lived in NYC for nearly five years and work in finance with a focus on backend operations. I still swim from time to time but am nowhere near as agile as I used to be.

I can sometimes be seen stopping by Rinconada with my dog, Benny. Feel free to say hi!
